Sherrod Brown, Ohio Secretary of State: "It was a risk, but we took it because of the long record of the employees, management and the town."

Miles Christian, president of Plymouth Locomotive International Inc., "It's taken a lot of work, a lot of work. It was Sherrod Brown, our man out front, who made it all happen."

Keith A. Hebble, Mayor of Plymouth: "We've run out of water, we've run out of money, but we've never run out of people!"

Warren Persovitch, treasurer of Banner International: "We think the company can make a lot of money if it has the right management and the right attitude. You have both."

Gregory Carr, Ohio Department of Development: "You put together a good package to save 100 jobs. It was your effort, faith in the community, and knowing how to work hard."

Saturday a lost day!

It was not completely a lost weekend for Plymouth and this whole part of Ohio, just a lost Saturday.

Snow and high winds began about midnight Friday and continued through Saturday night making driving impossible.

By Saturday night, blowing snow and drifts caused highway personnel to close all Huron county roads to all traffic except emergency vehicles, and route 61 between Plymouth and Shelby was closed to the plows could get through.

One Plymouth police officer when asked by a reporter via the telephone Saturday how the roads were here, he quipped, "We haven't been able to find them for a couple hours. If we do, we'll let you know."

Fortunately, there were no substantial outages of any of the utility services.

There was one tragic note though.

Saturday morning at 4:50 a.m., the police department assisted the rescue squad at Plymouth car wash where the driver of one of the state salt trucks apparently had a heart seizure.

He was taken to Shelby Memorial hospital.

Infant dies in Columbus

Michael Steven Schroeder, 10½ months old son of Mr. and Mrs. Steven Schroeder, died Saturday in Children's hospital, Columbus.

Funeral services were conducted yesterday by the Rev. Carl L. Johnson and the Rev. J. Malcolm Brook in Shelby.

Rumor has it that it will be in the \$5,000 range.

Nothing was heard but encouraging words by each speaker last Wednesday.

Christian's words had special meaning to Plymouth and the rest of the legal advisor to the employees and the latter working with the employees.

Both brothers once worked hard for Brown when he was seeking his first term as a state representative.

That is where their friendship began, but it was not all 'friendship' that prompted Brown to go to bat for the ESOP, he said that he realized what the industry meant to the area, and he was very tight when he said, "I had put bread on the table for hundreds of families for over 100 years in this part of Richland and Huron counties."

After all the good words and wishes for the future success of the company and the village, guests were treated to a buffet luncheon prepared by the employees and their wives.

They lined up, Christian and Brown were having their pictures snapped again. This time Christian was giving Brown a present, an enlarged colored photograph of the Ohio Capitol building which he had won when he was in the governor's office while Brown sat beneath it in the governor's chair.

Spies are everywhere even in small villages

By AUNT LIZ
Over the years people have complained that newspapers never print anything good including us.

They ignore all those honor rolls of name after name, the winners in music contest, the list can go on and on.
After the last couple of weeks, I am almost inclined to agree with some of this.

Every month and actually about every week and even days are designated as "Pickle day", "Gardic day", or "Mother-in-law day".
Last month really stands out, March fast became "Sex month".
Some of the stuff I read in every paper really floored me, but I did learn a little.

I had no idea that back rubs went for so much money, and to think I have been rubbing one back for almost 41 years and never got a red cent out of it.
It is really disappointing to think of people you look up to can be so miserably shady.

I think what really got to me the most were those Marines in Moscow. They are Marines and should have known better. Spying in the last thing I would suspect them of, anything else, yes.

But then spying is universal. Even Plymouth has had a "mole".
Not too many know about it, but it happened.

It was in 1979 when the village was on the last lap of a lawsuit to collect money from the bonding company which had handled the bond for the sewer contractor.
The village was right about it all. The bonding company's pride had been wounded so they wanted to fight.

One of their employees had bonded the wrong contractor,

collected his commission and left before the company realized it.
They thought the uncle, who had the same name, was the person bonded for the Plymouth contract. Instead, it was the nephew, and they were stuck with it, so they fought.

It was Bob McKown, who was the solicitor at the time, who caught on to it.
I walked into his office one day, and his first words were, "We've got a spy in our midst," I merely looked at him and thought "how dumb can one lawyer be."

He wasn't. After a few weeks of the council going into executive sessions to discuss the on-going law suit, he realized that by Wednesday noon (the meetings were always on Tuesday nights) the lawyers for the bonding company in Cincinnati knew every word that had been said behind closed doors of the council room.

We never figured out exactly who might have been using the AT&T lines to call Cincinnati, but from then on, we both were careful with either one of us said to anyone else.
And we won the whole thing, didn't lose a penny and even got some back.

This business of cooking for one and eating alone is for the birds.
The problem with our refrigerator and freezer is that just about everything is packaged for two or for a whole crowd.

There is also the problem of being lazy about cooking for yourself, so you indulge a little by going out. Now I can be why so many older people do. It is easier and even cheaper in the long run.
The only catch to this is that you will soon forget how to cook. Not a bad idea, really.

The first all-professional US baseball team, the Cincinnati Red Stockings, was found in 1869.

The largest painting now in existence is probably The Battle of Gettysburg, completed in 1863, after two and a half years of work, by Paul Philippoteaux and 16 assistants. The painting is 410 feet long, 70 feet high and weighs 11,782 pounds.

Guest evangelist

The Rev. David Kushman, Marion, Ind., is the guest evangelist for Spring Revival Services, today through Sunday at 7 p.m., at Wesley Evangelical Church, St. route 603, Shiloh.

Mr. Kushman a native of Wisconsin, is a graduate of Kentucky Mountain Bible Institute, Vandave, Kentucky, and of Vennard College, University Park, Iowa. After his marriage to Phyllis Cox, the couple pastored in Kentucky for one year.

The Kushmans have served with WGM as missionaries to Bolivia, involved in teaching, counseling, and preaching. In addition, they have worked with the Quechua Indians in an outpost known as Yapanani. Their responsibilities included pastoring a church, evangelizing, and working with national pastors.

In 1977 the Kushmans felt God leading them to God in one of WGM's newer fields — Argentina. They transferred there and began assisting in a church planting ministry in the city of Salta. David set up a church membership course and organized a lay-training program for the believers. He served as acting director, field treasurer, pastor, evangelist, and director of construction.

In July 1982, they returned to WGM headquarters, Marion Indiana, where Rev. Kushman serves as candidate secretary in the Field Ministries department.

Rev. Kushman, an ordained Elder in The Evangelical church, enjoys an active evangelistic ministry, speaking in local churches and with church groups.

The Rev. William Kren, pastor of the Shiloh church, invites the public. Special music is planned for each service.

Nursery service will be available.

"THE HEATING SYSTEM WE RECOMMEND AND THE ONE MOST PEOPLE WANT ARE THE SAME: GAS."

Wm. Michael Callahan
Mike Callahan, Heating Dealer

"In 15 years as a heating dealer, people have come to count on my company for good advice about heating. And almost always, what they want and what we recommend are the same... a dependable new gas furnace. Gas has always been the most popular choice, mainly because of its warmth. And today, people also like the fact that a high-efficiency gas furnace will save them money. The new designs conserve gas... and that,

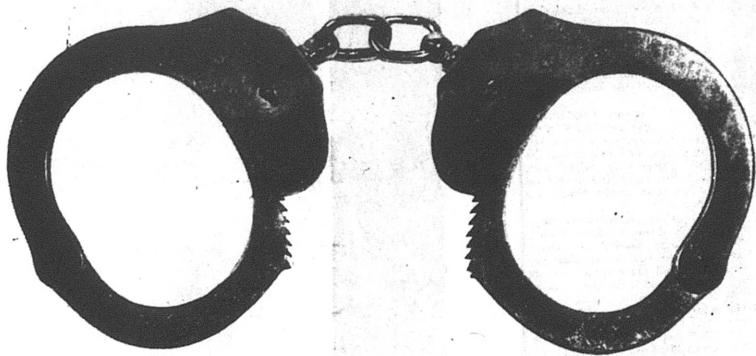

combined with the fact that gas costs are going down, means it costs less to stay comfortable. To us, gas heat has all the advantages. For warmth and savings, gas is the best choice."

For your home, too, a new high-efficiency gas furnace can mean a comfort and savings difference. Ask Mike Callahan... or a heating dealer in your area.

Rev. Hoover marries Marla Company in Mansfield

Marla Sue Company became the bride of the Rev. Thomas Robert Hoover Mar. 14 in an early evening ceremony in First United Methodist church, Mansfield.

She is the daughter of Mrs. Harold Company and the late Mr. Company, and he is the son of Mr. and Mrs. Robert Hoover, Mansfield.

The double ring ceremony was performed by the Rev. George Bailey, Mansfield district superintendent of the United Methodist churches, and the Rev. Robert Baker, senior pastor of the Mansfield church.

Large candleabras flanked both sides of the church altar which had bouquets of roses set against a background of ferns.

Candlelighted candleabras marked each church pew.

Paul Dawson played a prelude of organ music which included "Now Thank We Our God", "Lord, Keep Us Steadfast in Thy Word", "Masset", "Old 113th Prelude" and "Fugue in A Major".

The bridegroom sang a solo of "O Lord Most Holy", and Mrs. Duane Tovey sang solos of "The Bridal Prayer", "God of Love My Shepherd Is", and "The Wedding Prayer".

Before the ceremony began, the couple lighted the unity candle and received the sacrament of holy communion.

Thomas Hainer the bride's uncle who flew here from Healy, Alaska for the wedding, gave her in marriage.

The bride designed her gown of ivory satin. The bodice and long sleeves were rose lace, and the V-neck front and back was trimmed with eyelet lace with handwoven pearls. The full skirt and train was also trimmed in lace and pearls.

A small headband with a bow on the side was her headpiece from which her veil fell in folds down the back of her gown.

Mrs. Ronald Company, Bolivar, and Mrs. Roger Company, Plymouth, were matrons of honor.

Bridesmaids were Mrs. Donald Hoover, Mansfield, and Mrs. Richard Dyer, Plymouth.

They wore mauve rose satin A-line gowns. The V necklines had lace standup collars. Their headpieces were rose colored trimmed with lace and pearls, and they carried nosegays of roses on a candlelight holder.

Snowdrift to blame

A snowdrift in Neal Zick road, east of Willard, was the cause of Angela Soren, 17, 173 Beelman street, rolling her car over in the roadway.

The mishap happened Saturday afternoon when driving in the blowing snow was hazardous.

She was unhurt, but was charged by the state patrol of not wearing a seat belt.

The three young flower girls were Andrea Company, Bolivar, and Kristen and Stephanie Hoover, Mansfield. They wore floor length pink taffeta gowns with wreaths of roses and ribbons as headpieces.

Andrea sprinkled rose petals down the church aisle and the Hoover girls gave roses to the honored guests.

Neil Herzatt, Mansfield, was Mr. Hoover's best man.

Groomsman were Donald Hoover, Mansfield, Ronald Company, Bolivar, and Kenneth Magas, Columbus.

William Hoover, Jeromesville and Rick Baker, Mansfield, were ushers.

For her daughter's wedding, Mrs. Company chose a floor length lavender gown to which she added gray pearls and earrings.

Mrs. Hoover wore an apricot shade gown. Both mothers wore orchids.

The reception afterwards was in the church's social hall. The tables which were decorated by Mrs. Robert Hoover followed the color scheme of pink and rose.

The three tiered wedding cake with a fountain in its center surrounded by five small cakes was also decorated in the same colors. It was served by Mrs. Greg Robinson, the bride's sister and Mrs. William Hoover, the bridegroom's sister-in-law.

Janet Richards assisted at the guest book.

The couple spent their wedding trip in the Pocono mountains in Pennsylvania and in Philadelphia. They are now living in the Methodist parsonage here.

The new Mrs. Hoover is a 1973 graduate of Plymouth High school and attended Ohio State university. She is a driver license examiner.

Mr. Hoover, who is pastor of the Plymouth and Shiloh Methodist churches, graduated from Malaga of her gown.

**Here's a tip ...
a tax tip.**
If you work for yourself
and you make at least
\$400 a year, you must
file a tax return. Don't
get knocked for a loop
on this one.

**Here's a tip ...
a tax tip.**
If you've got tax
questions, you can get
the answers by calling
the IRS Tele-Tax service,
a recorded information
service on about 150
topics. The phone
number is in your tax
package and telephone
directory.

**Most tax refunds
come on time ...**
... But if it's been 10 weeks
since you filed your tax return
and you still haven't received
your refund check, find out
about it. Call the special phone
number in your tax forms
package and the IRS Automated
Refund Service can check the
status of your return.

**Here's a tip ...
a tax tip.**
Be careful when selecting
a tax preparer.
— stay away from someone who
claims to have an "in" with the IRS
— don't accept promises of a refund
— get the preparer to sign the
return.
— NEVER agree to sign a blank
return.

You must report all
income. For example,
income from a
second job, a freelance
assignment, a home
child care service.
Interest on a savings

**SOME OF THE
GREATEST THINGS IN AMERICA
NEVER CHANGE.**

SOME DO.

U.S. Savings Bonds now
pay like money market
accounts! At the current
rate—10.94%—you could
double your money in
less than seven years.
Just hold your Bonds
five years or more and
get the new higher variable rates. Plus, you get a
guaranteed return. That means you can earn a lot
more—but never less than 7½%. That's the kind
of change anyone can appreciate.
But some of the best things about Savings
Bonds haven't changed. They're still as safe as
ever. They're still exempt from state and local in-
come taxes. And since Bonds cost as little as \$25,

they're as affordable as ever.
What's more, Savings
Bonds remain a great way
to keep our country strong.
You can purchase Bonds
almost anywhere. At neigh-
borhood banks, savings
and loans and credit unions.
Or easier still, through the Payroll Savings Plan where
you work. Today, more than 5.5 million Americans
are saving the easy way—through Payroll Savings. Isn't
it time you joined them? That's a sure way to ap-
preciate how much Bonds have changed for the better.

U.S. SAVINGS BONDS
Paying Better Than Ever

Variable rates apply to Bonds purchased on and after 11/1/82 and held at least 5 years. Bonds purchased
before 11/1/82 earn variable rates when held beyond 10/1/87. Bonds held less than 5 years earn lower interest.
