

Black River pulls shocking upset in Firelands opener

The Firelands Conference began playing under the new alignment initiated last spring. And, the South Division won two of three games played with Monroeville being the only North Division winner as they hammered Plymouth, 34-7.

In other outings, Black River shocked previously-unbeaten Western Reserve, 12-0 and Ashland Crestview remained undefeated at 4-0 following a 26-0 conquest of New London.

In a non-conference game, Columbus Bishop Ready, coached by former New London mentor Paul Nestor, scored an 18-6 win over Norwalk St. Paul.

The lone Firelands Conference game tonight finds South Central traveling to Edison.

Black River 12 Western Reserve 0

SULLIVAN — Mistakes proved costly for Western Reserve as the visitors lost all four fumbles in losing for the first time this season.

Black River, in squaring its record at 2-2, assumed a 6-0 lead at halftime as Steve Herte scored on a two-yard plunge in the second quarter.

Then, the Pirates added a fourth period score to the count as Rick Myers recovered a fumble in the end zone for the final margin of victory.

Western, off to its best start in many years, had won the first three non-conference games by outscoring the opposition by a 79-27 margin.

But, coach Dick Taylor's squad could not get untracked in the FC opener. They gained just 88 yards on the ground and completed just one of four passes for minus-seven yards to finish with

a total yardage of 81.

MONROEVILLE — Monroeville bounced back from its 19-0 loss to Smithville last week.

And, they did it with a powerful running game as the Eagles

amassed 269 yards on the ground en route to piling up 307 yards in total offense.

Tim Pfeiffer, who led the ground game with 80 yards in 12 carries, reached paydirt once while Kevin Roeder totaled 73 yards in 11 rushes and scored twice.

Roeder got the Eagles (3-1) untracked in the second period with a three-yard scoring burst and Tom Roth followed with the first of four straight PAT conversions for a 7-0 lead.

Roger Smith reached the end zone with 2:02 left before intermission on a two-yard run and the Eagles led, 14-0.

A recovered fumble by the Eagles set the stage for Smith's second TD of the game at the 5:31 mark of the third quarter. He rambled in from 10 yards out to climax the four-play, 32-yard drive.

Pfeiffer also reached the end zone in the third quarter from

five yards away and the Eagles took a 28-0 advantage into the final quarter.

Second half surge leads Seneca East

NORTH BALTIMORE — Seneca East dominated the second half after trailing at halftime, 8-0, to post a 20-8 victory over North Baltimore Friday.

The Tigers, 3-1, scored once in the third period to tie the game at 8-8, then broke the game open with a pair of scores in the fourth quarter.

Denny Shank scored on a one yard run in the third quarter, and the Tigers got the two-point conversion on a halfback pass by Mark Stacklin to Shank that tied the score.

Seneca East went ahead when Steve Davis went over from four-yards out to make it 14-8. The fun for two points failed.

With 40 seconds remaining and North Baltimore attempting a last-ditch drive, Jim Reesman intercepted a pass and went seven yards for a touchdown to cap the victory.

Seneca had just six first downs to 13 by North Baltimore.

Satellite broadcasting comes closer to homes

WASHINGTON (UPI) — The Federal Communications Commission, which opened the skies to the controversial concept of direct broadcasting by satellite to homes earlier this year, was to give its first okay today to a firm wanting to operate the service.

The commission was expected to act on the application of the first of eight companies seeking permission to bring the direct service to homes, hailed by some observers as the next big step in television.

At issue is a proposal filed in 1980 by Satellite Television Corp., a subsidiary of the Communications Satellite Corp., to eventually offer three channels of programming to all 50 states for a monthly fee.

The concept of broadcasting directly to homes equipped with small rooftop "dishes" has enormous implications for the \$10 billion television industry, because it means bypassing local TV stations.

But in April, the FCC determined that the benefits of direct satellite broadcasting, would outweigh the disadvantages and set up some interim rules for offering it.

The rules cannot be made final until after governments in the Western Hemisphere meet in 1983 to allocate spectrum space for each country for the service.

Satellite Television Corp. is one of eight applicants accepted for filing by the FCC, which rejected five other applications and has still others waiting in the wings.

Some of the other applicants, like Satellite, would offer pay-TV service; others would provide channels that would be advertiser-supported, like the three commercial television net-

works; and some would act as "common carriers" by providing the satellite capability to other companies to transmit their programming.

STC said its service would begin with the launching of two satellites that would cover an area roughly corresponding to the Eastern Time Zone of the United States. Other satellites would follow, eventually covering all 50 states.

The satellites would broadcast in the super-high frequencies of 12 gigahertz. Signals would be scrambled, as are some existing pay-TV services, and transmitted to homes where they would be unscrambled by a small electronic unit connected to a subscriber's ordinary TV set.

The three channels would comprise a "superstar" channel of general entertainment such as movies, popular concerts, theater and family entertainment; a "spectrum" channel of children's programs, film classics, performing arts and cultural attractions and public affairs; and a "viewer's choice" channel with sports, adult education, lectures and experimental theater.
