

# DEDICATION

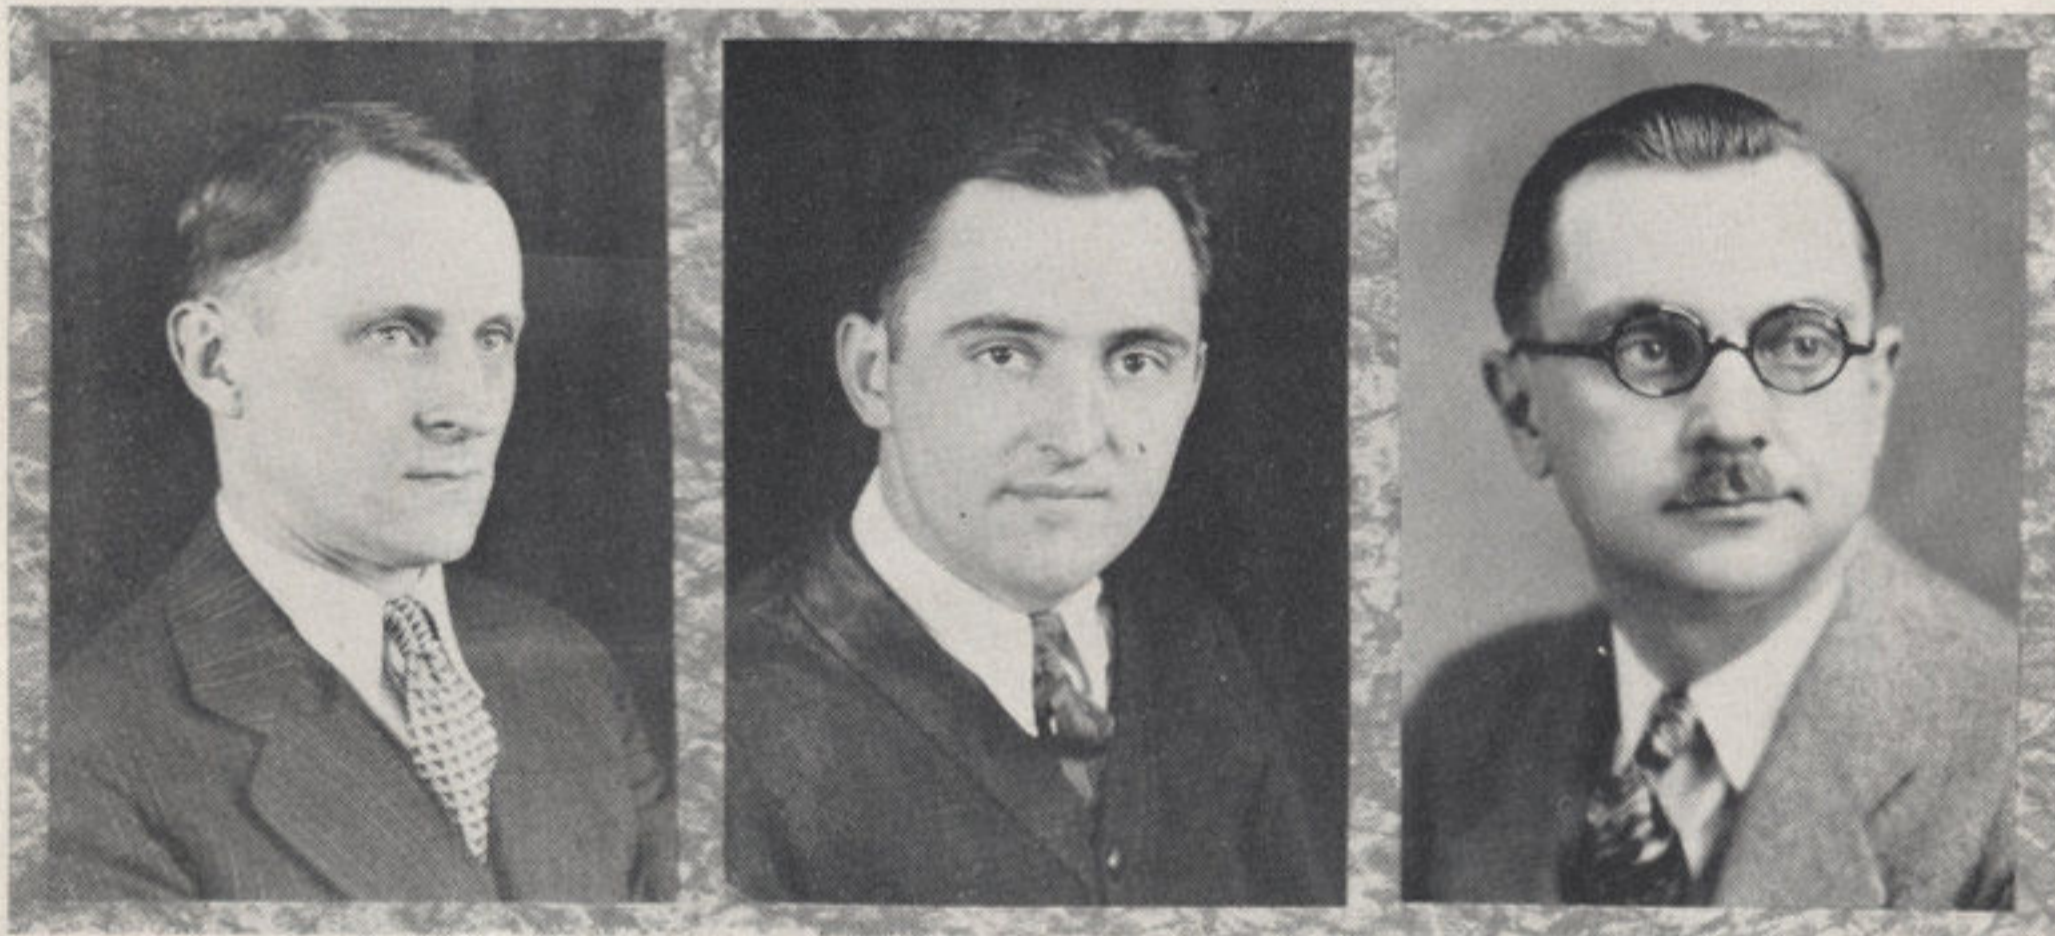

**S**INCE the standards of a community are judged by its school system, the construction of our modern school plant is by far the greatest achievement in Plymouth for many years, and is deserving of recognition. For this reason, to the present school board that has so faithfully labored to give Plymouth citizens this plant, we dedicate this volume of the Mayflower.

# Senior Class History

The time has come when another class must leave old P. H. S. It is the class of 1930. Though we are small in number and some of us small in stature, we think we make up for these deficiencies in diligence and dignity.

Only two of our number, Clea Anderson and Junior Bachrach, are charter members of the class who started twelve years ago in the old building. In the third grade, Harriett Cornell joined the class. Marjorie Becker joined in the fifth grade and Reginald Ervin the following year. Robert Baltzell was also with us in the fifth and sixth grades.

In September, 1926, we entered High School as Freshmen. This year we found Ruth Fenner, Irene Pettit, Mable Preston, Paul Johnston, Arthur Weaver, and Alonzo Payne waiting to join our class. Of course we were green. Did you ever see the Freshie who wasn't? But it didn't take long for us to get over our greenness. Everything was very new to us; the teachers were new, the subjects we studied were new, and having our work departmentalized was new. However, we managed to get along until we became accustomed to High School life. The most important events of the year were initiation and the Freshman weiner roast.

When we started our Sophomore year, several members were no longer with us, but James Shepherd and Walter Grimmer joined our class that year. Robert Baltzell also returned. At the beginning of our Junior year we had lost two more members, but later in the year Vance Snyder entered our class. This year we sponsored a Lyceum Course and did many other things to earn money. The profits were used to help defray the expenses of the Junior-Senior Banquet.

In our senior year we entered upon the most important year of our school days. The outstanding event of this year was the moving into the new High School building. We are very proud of it and are very happy to be the first class to graduate in the new building. The most interesting features this year have been the Operetta, Junior-Senior Banquet, Class Play, Baccalaureate, Commencement and the Alumni Banquet.

After the last diplomas has been given out, our ties with Plymouth High School will not be wholly severed for we can never forget our Alma Mater and deep in our hearts we will always be singing the refrain—"O Here's to thee old P. H. S."

# Senior Class Will

We, the Senior Class of 1930, being of lawful age, sound mind and good memory, knowing that our days in Plymouth High School are nearing the end, do therefore deem it necessary to make and publish this our last Will and Testament.

We, as a class, bequeath the following things:

To the faculty we bequeath the privilege of handing in demerit slips, but we also leave the following rules:

1. A test must be announced at least a week in advance.
2. The two days before the test must be spent in review.
3. No questions shall be asked on subjects more than four weeks old.

To the class of '31 we bequeath the following advice:

1. Always laugh at your teacher's jokes.
2. When reciting, mumble your words so that no one can understand you. Your chances of getting a good grade are much better if the teacher does not know what you are saying.

To the Sophomore Class we bequeath our harmonious attitude to be used in class meetings, literary functions, and other school activities.

To the Freshmen we leave our most cherished possession,—our dignity.

On the Eighth grade we bestow the "Green Mantle of Freshmen" and lave a book on "Camouflage" to help them disguise their greenness.

To the Seventh grade we bequeath all our cast-off toys.

As Individuals:

I, Robert Baltzell, do bequeath my athletic ability to David Bachrach.

I, Clea Anderson, do bequeath my vivaciousness to Ethel Beard.

I, James Shepherd, do bequeath my boldness to Clifton Gebert.

I, Walter Grimmer, do bequeath my habit of making as much noise as possible to Karl Gleason.

I, Harriett Cornell, do bequeath my raven locks to Eldene Trauger.

I, Reginald Ervin, do bequeath my popularity with the girls to Harold Ross.

I, Ruth Fenner, do bequeath my love for mice to Eloise Shaver.

I, Vance Snyder, do bequeath my electric curlers to Doris June Hatch.

I, Mable Preston, do bequeath four inches of my excessive height to Lucille Moore.

I, Junior Bachrach, do bequeath my suave manners to Tubby Webber.

To the school we leave our sympathy for loss of the Class of '30, and all stray property not herein disposed of.

In witness whereof we herewith set our hand and seal on this twenty-second day of May, in the year of our Lord, One Thousand Nine Hundred and Thirty.

Senior Class of '30.

# Senior Class Prophecy

Seated at the tables at the Junior-Senior Reception, we were delighted to be told that Miss Fenner had kindly consented to read and tell our fortunes in our tea cups.

So she started; first the Class President, Harriett Cornell, passed up her teacup and after a pause we heard the conversational voice of Miss Fenner from the faculty table:

"Harriett, I see in your cup the number '9', beside which is a mannequin; I interpret this to mean that you are to be a fashion designer within nine years; that you will have nine mannequins and that your shop will be so exclusive that only 9 creations a season will be allowed to leave your shop."

Ruth Fenner came next. "Ruth, I see in your cup several very fat women, each with a pair of dumbbells! This can only mean that you will be manager of a gymnasium for reducing obese women."

Mable, who was next, was told that in her cup was the numeral '3' and beside it an open book, and a globe. This was interpreted to mean that she would be a governess over three children of a very rich family.

"Clea Anderson, I read in your cup the numbers 1, 9, 4, 5, in their order, and see a row of girls on a platform kicking, faced by a director. The director being plainest, I take it that you will be a chorus mistress of the Follies for 1945."

In Tommy Becker's cup she saw the most distinct outline of a rolling pin. This of course meant that she would be a successful, fond, and loving wife, the rolling pin denoting a loving disposition toward her husband.

Vance Snyder, the first of the boys, then passes along his cup and Miss Fenner continued, "I see a bare space in the bottom of your cup and I also see the outline of a moving picture camera. Of course you are destined for the Silver Screen."

Reginald Ervin's cup showed a plow, an open book and a top hat. "You are going to be a Gentleman Book-farmer," explained Miss Fenner.

"In Walter Grimmer's cup," announced Miss Fenner then, "I see the dome of the Capitol Building—but wait!" as a roar of laughter filled the room, "I also see a few shorthand characters, so after all he is not to be President, but only his private secretary."

"Junior Bachrach has in his cup the outline of a small mechanical device of some sort. He must be destined to be an inventor, because no such thing has been made."

Jim Shepherd next passed his cup: "I see the outline of a microphone. You are cast for a radio announcer."

"Robert Baltzell, I see in your cup a pair of clogs and a sheet of music. You are to be a song and dance artist in vaudeville."

This phase of the entertainment finished, we turn elsewhere for amusement.

### SYNOPSIS

Lights out! Four shots! Curtain rises, revealing a dead man lying before the fireplace in the parlor of an old house on Puget Sound.

The housekeeper, her crazy (?) husband, the owner, Mildred Marvin, her three friends, Mr. Wright, Alice Perkins, Hazel Wayne are in turn suspected by the sheriff who has taken a "deteckative" course, and the coroner who is new to the business.

Miss Marvin is spirited away by "Yellow Shadows" and is returned; a Chink turns up; Wright disappears, and later reappears.

At the end, Jed the crazy husband turns out to be a U. S. Secret Service officer, Wright is a smuggler of Chinese into the country and the murderer of the man by the fireplace, who is the star reporter for the Seattle Tribune.

Herbert Marvin, Mildred's black-sheep brother, who turns up mysteriously, plays a part in apprehending the criminal.

# Senior Activities

---

## Commencement

Commencement exercises for the Class of 1930, are being held in the High School Auditorium, Thursday evening, May 22. We are very fortunate in having such an eminent speaker as the Honorable James T. Begg to deliver the address. Mr. Begg was formerly a member of the House of Representatives from the thirteenth Ohio district.

---

## Baccalaureate

The Baccalaureate service for the 1930 graduating class is being held in the Presbyterian Church, Sunday evening, May 18, with Reverend A. M. Himes, pastor of the Lutheran Church, delivering the sermon.

---

## Junior-Senior Banquet

On Friday evening, May 2, the Juniors proved to be very delightful hosts to the Seniors and Faculty. This affair was held in the High School Auditorium. A delicious banquet and a pleasing program were enjoyed by every one present.

---

## Alumni Banquet

Again the Seniors are being delightfully entertained when the Alumni are having their annual banquet in the High School Auditorium, Friday evening, May 23. This is the last opportunity for the Class of 1930 to be known as Seniors, for from this time forth they are no longer such, but Alumni.

# Construction of the New High School Building

THE history of the construction of the new high school building begins with a resolution of the school board on March 20, 1928, to select G. E. Scott of Norwalk to draw up plans and specifications for a high school building. Mr. Scott's first duty was to estimate the lowest amount for which a building, to meet the needs of Plymouth, could be constructed. After much planning and scheming, Mr. Scott decided that a satisfactory building could be erected for \$75,000. On July 10, 1928, the Board of Education passed a resolution to submit to the voters of Plymouth in the fall election, the question of a bond issue of \$75,000 for the erection of a fireproof school building.

Before the fall election, the school board had many tasks. One of these was the investigation of the possible sites for the building. In their effort to use impartial judgment, every possible site was considered, and several options were taken. The fall election resulted in the passing of the Bond Issue with a majority of 321 votes. Immediately after election, state officials from the State Department of Education, State Department of Industrial Relations and the State Board of Health, inspected all of the possible sites. All but one were eliminated, either because of impossibility of proper drainage, danger of pollution of the water supply, proximity to the railroad or lack of the amount of space required by state codes.

The next step after the completion of the plans was the surveying of the site to determine the elevation and to enable the contractors to estimate the amount of dirt necessary to be removed.

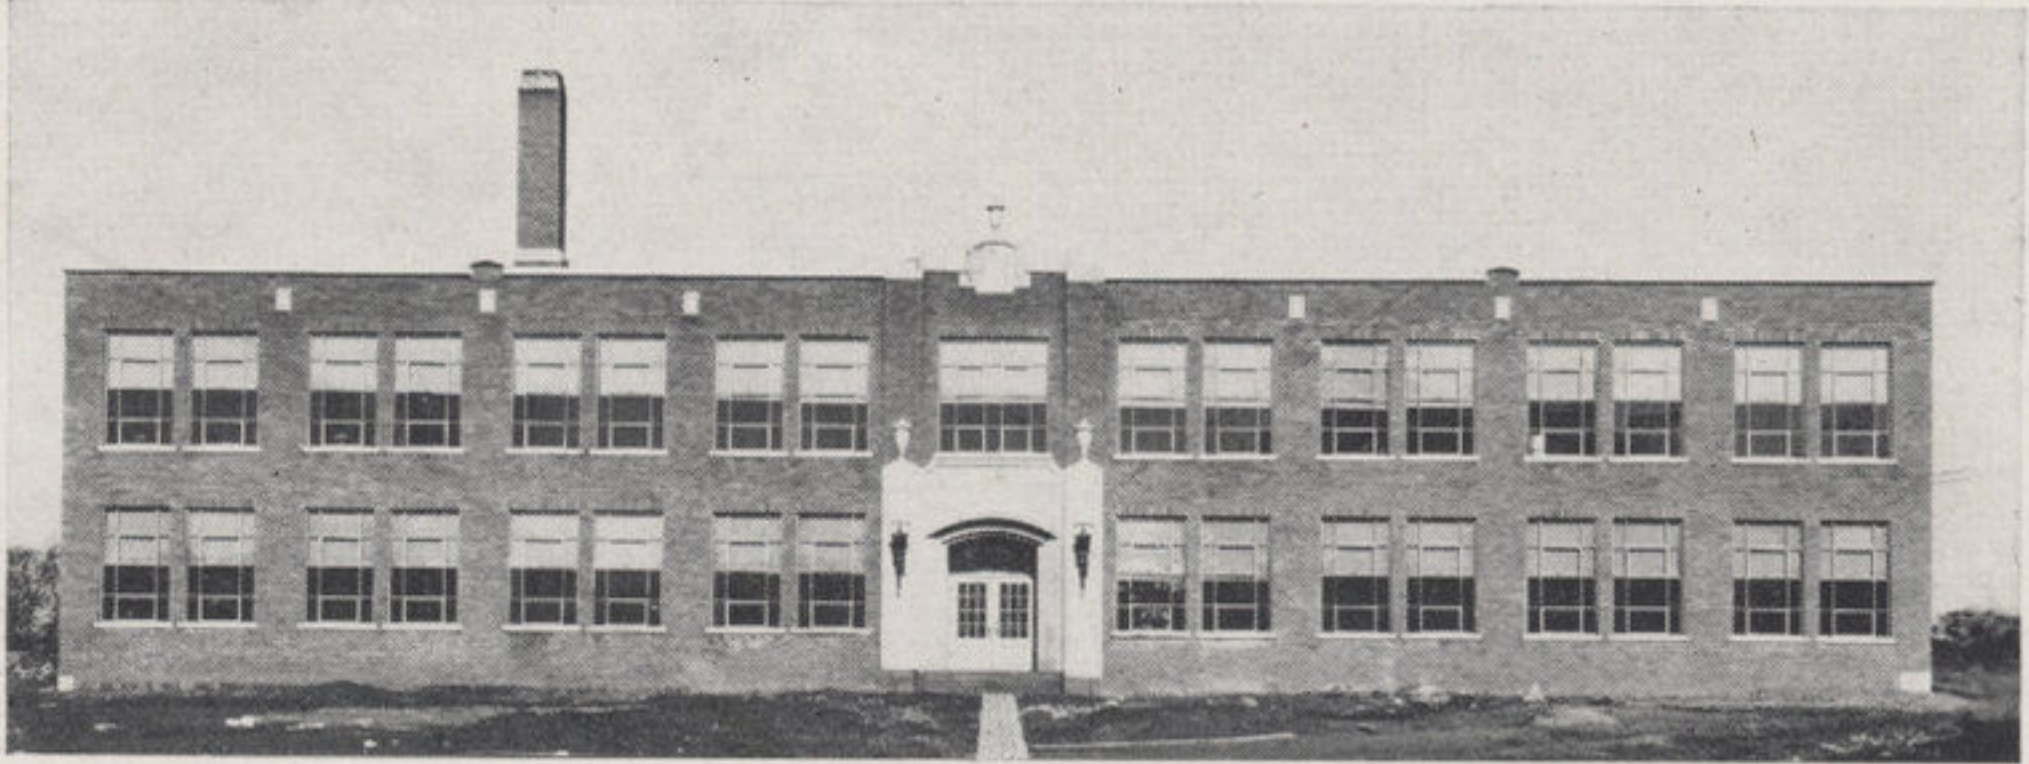

When all preliminary arrangements had been made it was necessary to advertise for bids for four weeks. On April 25, 1929, the bids were opened. Mr. Scott had figured very closely and was anxious to ascertain whether a building could be constructed within the architect's estimate. Because of the number of alternative bids, considerable figuring was necessary to determine who had made the most favorable bid. Before the contract was finally awarded, the professional reputation of the various bidders was investigated. When it was found that the lowest bidder, Mr. L. D. Hetrick, had a good professional record, the general contract was awarded to the Hetrick Construction Company of Columbus. The Plumbing and Heating contract was awarded to A. S. Hunter and Son of Willard; the electric wiring to Beamer Electric Co. of Willard. The brick contract, handled separately from the general contract, was awarded Shepfer and Mumaw of Sugar Creek. The roof, which was a part of the general contract, was sublet by the contractor to the Carey Roofing Co.

All preliminary planning was now out of the way and work could be commenced as soon as the weather permitted. Even after excavation had been started, work had to be abandoned on account of unfavorable weather. Work commenced in earnest about June 1, 1929.

Work progressed smoothly and soon an idea could be gained of the general outline of the building. As the building neared completion, the matter of equipment received more attention. Most of the furniture was made at the Mansfield Reformatory. The bid for fixed seats in the Auditorium was awarded to the Peabody Seating Company of North Manchester, Ind., and for the stage scenery to the Twin City Scenic Co. of Detroit, Mich.

At first it was hoped that moving could be done during the Thanksgiving vacation but because of unavoidable delay, moving was postponed until Christmas. Because of weather conditions at Thanksgiving time work was held up for two weeks, thus prohibiting the possibility of moving at Christmas. The building was finally completed and we moved into it the first week of February.

# Plymouth High School

OUR high school is located on N. Sandusky Street. The building itself is situated to the south side of the grounds. This will allow an additional unit to be added by building to the north.

The interior of the building is arranged so as to use all available space most advantageously. All class rooms except the manual training room, are located in the west side of the building. The upper and lower corridor extend the full length of the building. All rooms in the building lead from these corridors. The combined auditorium-gymnasium occupies a large portion of the building east of the corridors. This division of the high school provides a large playing floor, and ample seating capacity for all school needs. The stage is one of the most usable parts of the high school.

When necessary grading has been done, the front lawn can be made one of the most beautiful places in town. There is room for a large number of trees, flowers, and other features of natural beauty.

In the future, it is hoped that Plymouth High School will possess an athletic field. There is an ample amount of room in the rear of the building. Then it will be possible for Plymouth to have more outdoor sports.

## Office

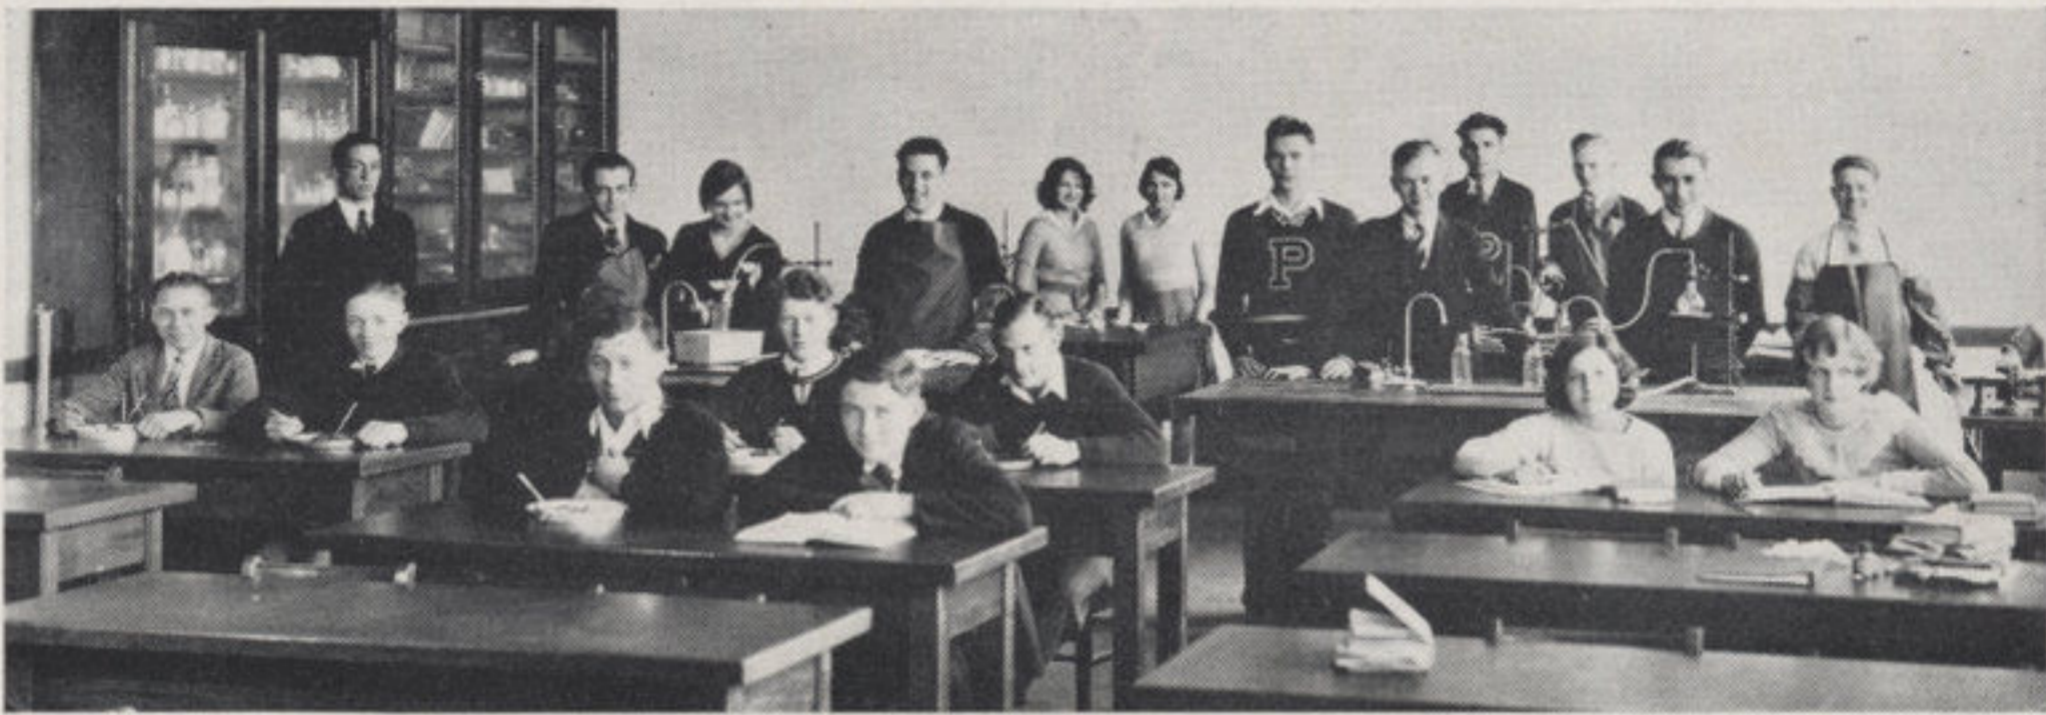

**T**HE office of our new high school is located off the front corridor. There are two rooms, one a waiting room, and the other the office proper. In the inner office are found the large, flat-topped desk shown in the picture; the safe and filing cabinet, which are located in an alcove in a corner of the room; the telephone, and other miscellaneous articles of furniture.

The large flat-topped desk serves a double purpose. Besides serving as a desk for Supt. Miller and Principal Jenkins it is used as a council table at Board of Education meetings.

The clerk of the board has his office here, and all school board books are kept here.

# Laboratory

**T**HE science room of the high school is large enough for all scientific studies which will be taken in our schools. There are 15 linoleum top tables located in the front of the room, which are used in class room work. These can be moved to any part of the building and are used for banquets, etc. The four laboratory desks in the rear of the room accommodate sixteen pupils working two at a side of each table. These are up-to-date desks with acid-proof sinks, two faucets and two bunsen burners. Each desk is provided with equipment for the year's work. Chemicals have been provided which allow extensive laboratory exercises.

Work in science this year was hampered by lack of laboratory facilities in the old building. It was necessary to study the theory of the entire course before moving to the new building and then work in the laboratory for several weeks after moving. Ordinarily, laboratory exercises will accompany and supplement the text book.

# Home Economics

WITH the modern conveniences which the new Home Economics department provides, the girls have made much progress this year. They are following the Smith-Hughes plan of study under the supervision of Mrs. A. Harssema.

One of the most important divisions of their work is the maintaining of the lunch room. The preparing and serving of the lunches are done by the eighth grade Home Economics girls. Lunches are also prepared in the High School Building and taken to the grade building.

Another important division of this class is the sewing department. The first sewing to be done by all the girls was that of their cooking outfits, including caps and aprons. Wool dresses were made in the fall by girls in the Sophomore class. These girls also remade old clothing and made children's clothes. At the end of the term they made spring and summer dresses for themselves.

Planning and furnishing of homes was done by Home Ec. II classes. This included exterior and interior decoration and home improvements.

Next year it is hoped that a third year Home Economics program may be included in the general schedule of this department. This will include canning, formal table services, parties and entertainments, pattern drafting, and advanced clothing. About fifteen girls are now planning to enroll in this advanced work, and it is hoped by everyone that it will be a success.

## Commercial

**T**HE commercial room is used only for shorthand, typing, and bookkeeping. The equipment consists of nine combination typing and bookkeeping desks. Of the typewriters, six are Woodstocks, two are L. C. Smiths, and one is a Royal. This affords the student an opportunity to become acquainted with other than one type of machine.

There are eighteen shorthand and typing students and two who are studying secretarial work which is open only to Juniors and Seniors. The bookkeeping class is composed of fifteen students who are following the McKinsey Bookkeeping and Accounting course which requires two years for completion.

## Shop

SEVERAL years ago an attempt was made to establish Manual Training in Plymouth High School. At this time gas was used to heat the building, so the shop was located in the abandoned coal bin. When coal was again used for fuel, the Manual Training Department was crowded out and neglected.

At the beginning of the present school year Manual Training courses were again organized. The shop was located in one of the portable rooms until we moved into the new building. Now we have a large, well lighted room. A fair equipment of benches and necessary tools have been provided. The P. T. A. has recently purchased us a lathe, and we hope to have some other machinery added in the near future.

The pupils have entered into the work enthusiastically, and considering that the work is entirely new to most of them they have completed some commendable projects.

## Latin Room

THE above room is located directly across the hall from the superintendent's office, the first door to the right as one enters the building. It is the smallest recitation room in the building, but in it several important subjects are taught. These include the following classes taught by Miss Pancoast: Latin I, the beginning course; Latin II, which includes the reading of Caesar's Commentaries; Latin II and IV, which are taught in alternate years. Latin III includes the reading of Cicero's works. Latin IV, which is taught this year includes the reading of Virgil's Aeneid and some miscellaneous selections.

Miss Pancoast also uses this room for one of her English classes.

## Library Study Hall

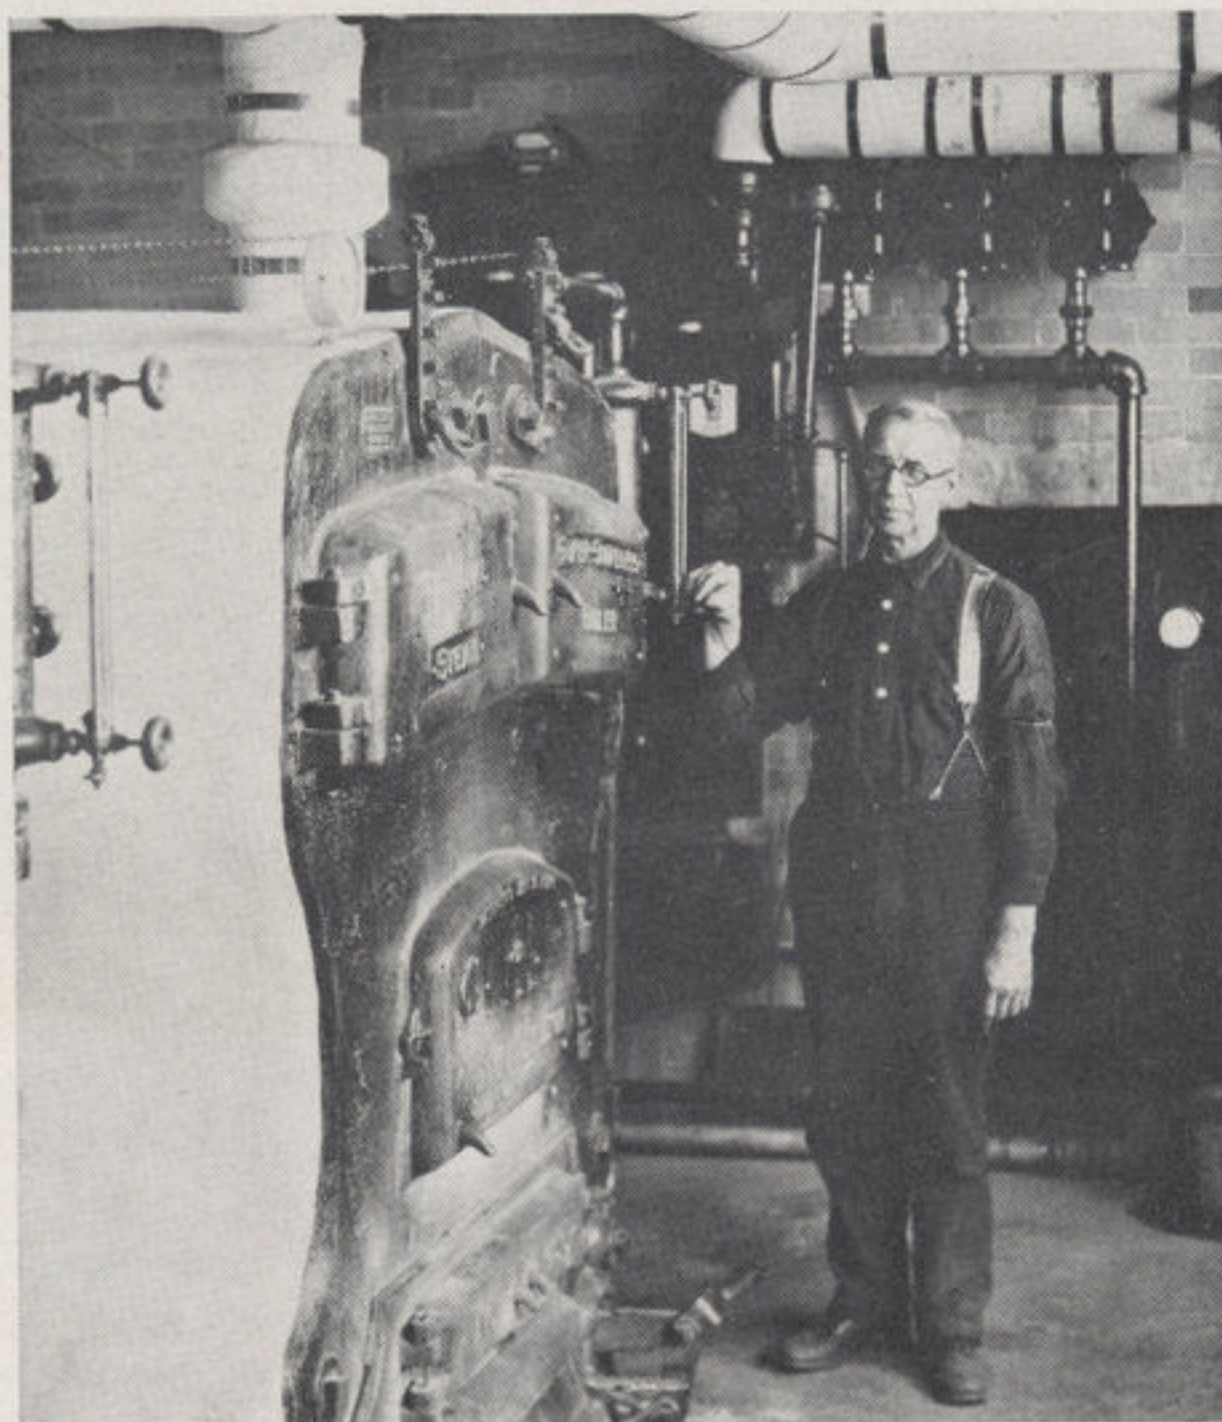

**T**HE library this year has been operated under a different plan. In previous years, only two students, a junior and a senior were on the staff, but this year two more were added, one each from the sophomore and freshman classes. Each librarian is in charge during a certain period of the day.

The new building provides a library-study hall. This is always under the supervision of a teacher, and one of the librarians is always present. Two serving desks and a librarian's desk extend across the rear of the room. Since the book-shelves are visible to the students from the desks no pupils are allowed back of the desk and much confusion is avoided.

A new feature has been added this year. Previously no definite system has been used, but this year the Decimal System of Melvil Dewey was installed by Miss Keating, a librarian from Mansfield. The librarians this year are: Harriett Cornell, Senior; Lucile Pugh, Junior; Madeleine Smith, Sophomore, and Mary Gebert, Freshman.

## Boiler Room

**T**HE boiler-room of the high school is presided over by "Chris" Sheely, our janitor. The room is 20x20 and is in the north end of the building to the east of the corridor. There are two super-smokeless boilers which generate the necessary heat.

The system of radiation is known as the split steam system. An automatic vacuum pump hastens the return of water from the condensed steam. The air which is to be sent through the building is drawn from the outside and passed over hot steam coils and then forced into the rooms at room temperature. This gives fresh air without drafts.

Water for the showers and fountains is pumped from a well 80 ft. deep. This water is stored in a tank with a capacity of 1000 gallons. From here, that which is to be used in the showers is heated in the 350 gallon hot water tank.

The switch-board for the building is also located in the boiler room.

# Glee Clubs

## Cast of Characters for College Days

William Dean Coles, known as "Tubby"—Jim Shepherd.

John Harris, known as "Jack," catcher on the college nine—Dave Bachrach.

David Carson, known as "Davey," pitcher on the college nine—Correl Scott.

Dorothy Smith, known as "Dot," "Prexy," Smith's daughter—Ruth Fenner.

Helen Jordan, Dot's Pal—Eloise Shaver.

Chauncey DeForest, known as "Dude," as crooked as a corkscrew—Harry Long.

Jim Fox, known as "Foxy Grandpa", owner of the town pool hall—Harold Ross

Professor Horace Greely Smith, known as "Prexy," President of Brinkdale College—Robert Baltzell.

Martha Baldwin Teale, known as "Baldy," dean of women of Brinkdale College, who just loves romance—Huldah Davis.

Fred Swift, known as "Topsy"—Vance Snyder.

Charles Sweet, known as "Sweety"—Millard Hale.

Don Jewitt, known as "Babe"—Don Einsel, Jr.

Chorus of College Coeds and Men.

---

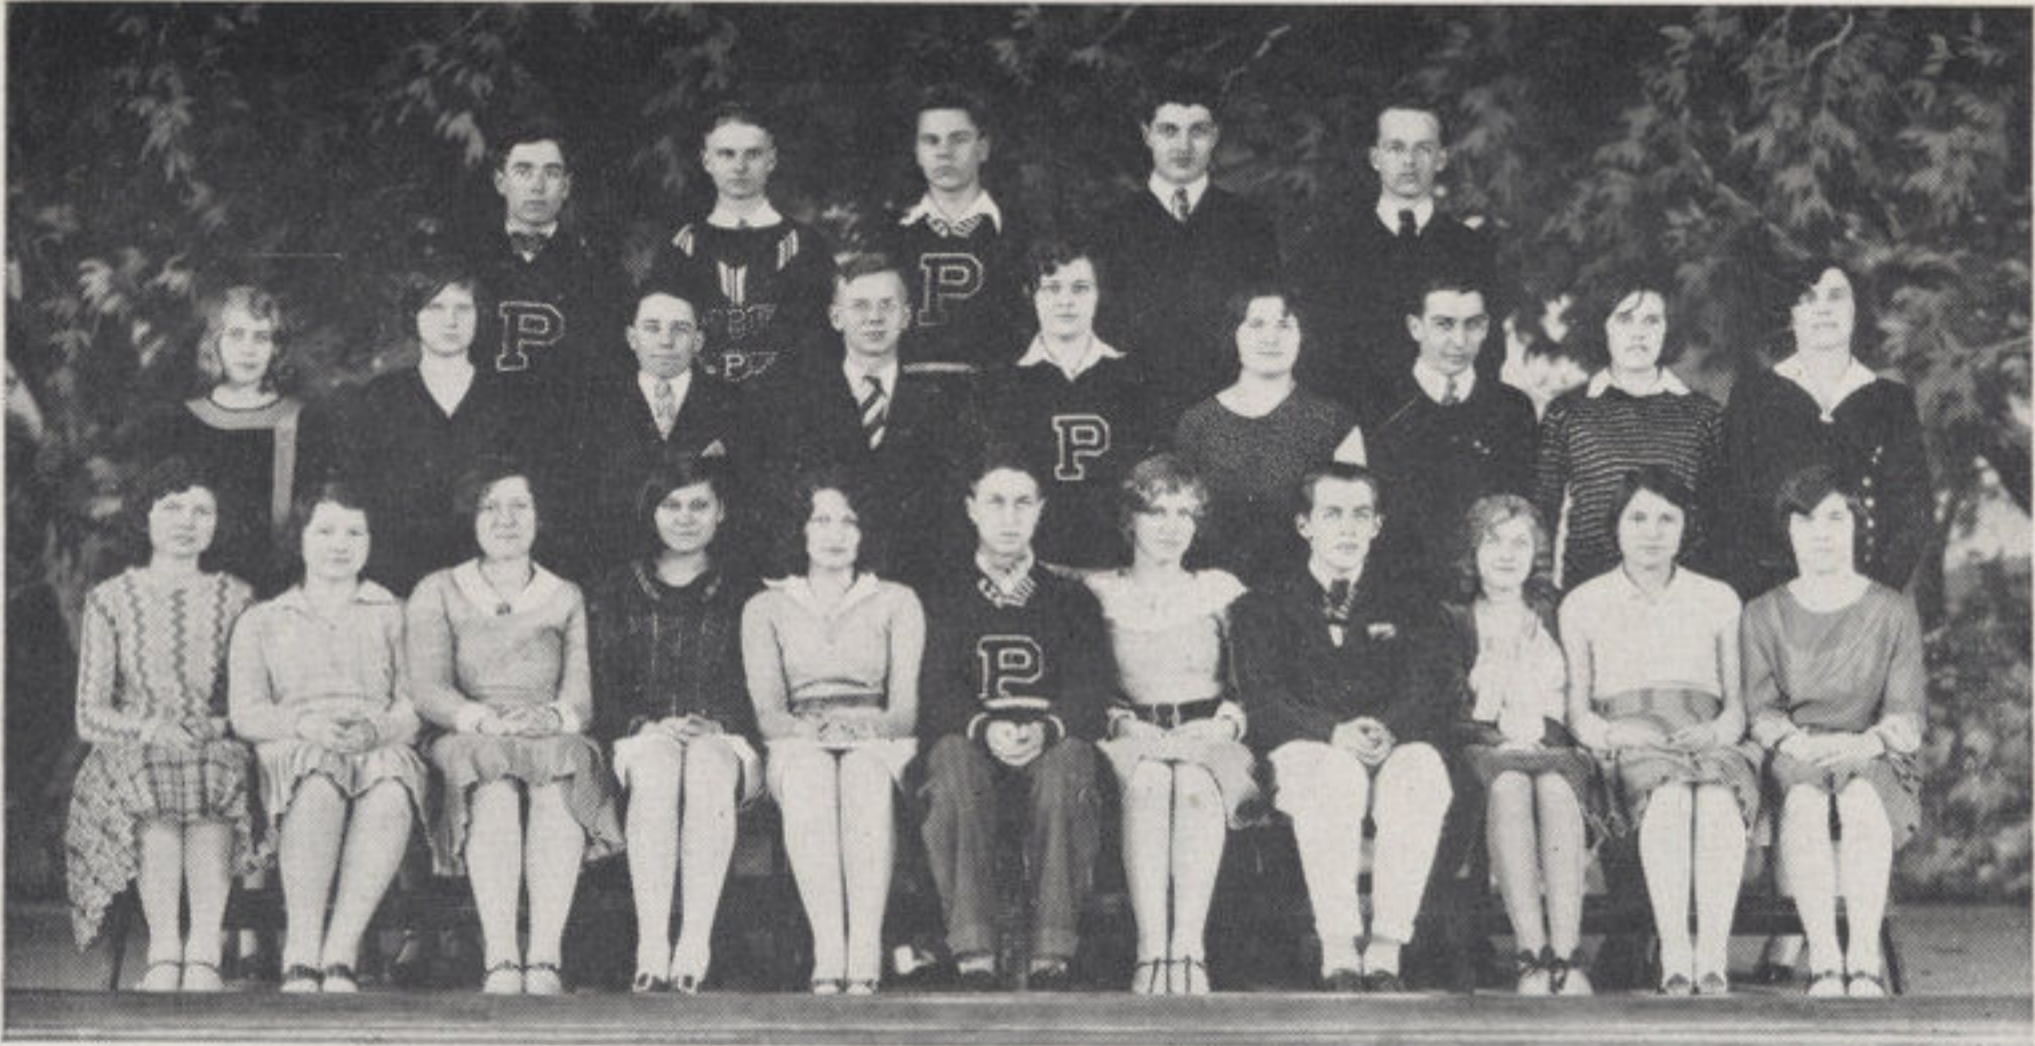

The Glee Clubs have made much progress this year under the capable instruction of Miss Lucille Fenner. The boys' club of 32 members met for practice every Monday afternoon, and the girls' club composed of 36 members met each Tuesday. The clubs have made three public appearances during this school year, singing several selections at the Peace Declamation Contest, and at the Dedication of our new High School. The last appearance was the presentation of the musical comedy "College Days." This operetta showed careful training and practice and was a good demonstration of the musical ability of the students at P. H. S.

## Junior Class History

**I**N the year of 1927, thirty-five Freshmen entered high school. The greenness which is so common to all Freshmen gradually disappeared after we had been initiated by the bold Seniors.

Twelve of the members dropped out the following year, leaving twenty-three to continue toward graduation. Three of these were lost but four new members were gained this year making our enrollment twenty-four. Of these, six are charter members: Miriam Donnenthirth, Lucile Pugh, David Bachrach, Thomas Webber, Harold Ross and Raymond Brooks.

In January, our class presented, "The Eighteen Carat Boob," in order to finance the Junior-Senior Banquet. With the help of Miss Fenner, our advisor, we have accomplished many other worthwhile tasks.

## Sophomore Class History

THE Sophomore Class of '30 has a membership of twenty-four. Previous to this year we had a membership of twenty-seven, but last year Estella Moore, James Barber and Dorothy Bowman left us.

We have had a fairly successful basket ball career. We have gone to the final in three interclass tourneys, each time opposing the Seniors. The following boys participated in basket ball: Whitney Briggs (Capt.), Millard Hale, William Moore, Walter Mumea, Harry Briggs, Donald Anderson, Carl Gleason, James Coe, Vincent Taylor, and John Dick, Mgr.

The officers of the class are: Whitney Briggs, Pres., Clifton Gebert, Sec.-Treas., J. E. Reed, Advisor.

Iden Jackson proved a good member of the Sophomore Class by selling candy, etc.

## *Freshman Class History*

**I**N the fall of 1921, twenty-nine very small children walked into the portable building of the Plymouth Public School. These pupils under the careful teaching and direction of Miss Nye, the First Grade teacher at that time, were started on their up-grade course.

Each year following that, some fellow students left them and they also met some new ones. Nothing of any great importance hindered their advancement. They went slowly, but steadily along making new friends everywhere.

When the Seventh Grade was reached the boys' interest in school activities enlivened when a baseball team was organized. Despite their size they won four games out of seven. Basket Ball was another sport that caught their interest and their practice and experience will surely help in the years to come.

The first great decrease in their enrollment occurred when the Eighth Grade was started and nearly one third of the class was left behind. This however was mended when the Freshman year was reached, for a large number of students joined them. Their good study habits and interest in school activities is increasing as they advance. The present enrollment of the Freshman Class is twenty-four. Their class sponsor is Mr. Derr.

BACK ROW—Manager Williamson, Snyder, Hackett, Moore, M. Anderson, LeBold, Donnenwirth, Coach Pancoast.

FRONT ROW—Manager Cornell, Becker, Fenner, Pugh, C. Anderson, Shaver, Root.

**T**HE Plymouth High School Girls' Basket Ball team, under the capable instruction of Miss Helen Pencoast completed a successful season by winning eleven, losing six and tying one game. They also lost to Madison in the Richland County Tournament.

The girls, under leadership of Captain Clea Anderson displayed keen fighting spirit in most of their tough games but failed to take some of the other games very seriously.

Led by Pugh with 175 and Becker with 112 points the forwards amassed a total of 372 points against 330 for their opponents.

Of eleven girls who have received either certificates or letters, eight will be available for the term of 1930-31.

The three stars lost by graduation include "Peanut" Anderson, who captained the team this year and who was selected for two years on the all county team at a guard position, "Tommy" Becker, who was one of the highest scoring players ever to play for the red and white; and Ruth Fenner who played as guard for two years.

Among the eight who return for next year are seven Juniors: Captain-elect Pugh, Shaver, Snyder, Moore, M. Anderson, Hackett and Donnenwirth. Ruth Root, the other member, surprised everybody by making the first team in her freshman year. This is a very rare accomplishment in P. H. S.

# Boys' Basket Ball

## Varsity Squad

BACK ROW—Coach Jenkins, Mumea, Long, Shepherd, Snyder, Briggs, Mocre, Manager Grimmer.

FRONT ROW—Ross, J. Bachrach, D. Bachrach, Webber, St. Clair, Hale, Myers.

**B**OYS' basket ball practice started November 18, 1929, the first game coming the following Friday. The Pilgrims lost this game to Ontario 11-9, on November 22. From this time on the team did much better than break even, winning eleven, tying one and losing six. The team scored 448 points to their opponents 349.

Eight boys received either letters or certificates, and six of these boys will be back next year. The two lost by graduation are "June" Bachrach, the all-county guard of this year, and Vance Snyder, the lanky center who made it possible for old P. H. S. to win more than one game.

Captain-elect "Dave" Bachrach led the scoring with 96 points; V. Snyder and H. Ross followed closely with 94 and 90 points respectively.

The Pilgrims won their first game at the tournament, defeating Ontario 19-12, but in the second game they were defeated by Weller, 24-17.

# Junior High Basket Ball

## Junior High Squad

BACK ROW—DeWitt, Gaskell, Garrett, Holmes, Coach Reed.

FRONT ROW—Himes, Scott, Taylor, Root, Miller, Smith.

CONSIDERING the fact that Junior High Basket Ball is still in its infancy at P. H. S., this year's team had a very successful season. In the five games they played they were out-scored only four points, their opponents scoring eighty points to Junior High's seventy-six. They won three of the games and lost two. This is a good record. The team was captained by "Jimmy" Root and was composed of C. Scott, L. Cornell, H. Miller, T. DeWitt, J. Gaskell, B. Smith, C. Holmes, T. Himes, C. Garrett. Some of the boys will furnish good material for the high school team of next year, while many of them will be back to play their original positions on next year's Junior High team.

The Reserve team also deserves due recognition for their diligent playing, winning one and losing two of the games that they played.

# Track

## Varsity Squad

BACK ROW—Ross, Snyder, Taylor, Teal, Scott, Einsel, Hale, Moore, Gleason, Coach Jenkins.

MIDDLE ROW—Briggs, D. Bachrach, J. Bachrach, Webber, St. Clair, Myers, Shepherd, Mumea.

FRONT ROW—Long, Biddinger, Johnston, DeWitt, Gaskell, Miller.

**T**RACK in Plymouth is just now coming into its own as a sport. Last year the team made a good showing even though they did not win a meet. A large number of the boys on last year's team gained valuable experience and the effect of this can be seen.

The above squad of twenty-three members answered the call for spring track. Most of the preliminary running of the season was done on the paved street, but later the "track" was transferred to the cinder street back of the school building. Previous to the first meet Coach Jenkins gave every lad an opportunity to get into the line-up.

On April 5, the P. H. S. cinder artists met the Mansfield Reserves and defeated them 67-54. Plymouth won eight firsts, seven seconds, and six thirds. Contrasted with the first meet last year in which the same team defeated Plymouth 60 to 53, the amount of difference can be noted.

On April 11, the team with a large following of rooters journeyed to Willard. The Plymouth lads took six firsts, four seconds and eight thirds but these proved to be insufficient to win the meet. The final score read: Willard 72; Plymouth 50.

Feeling the ground a little firmer under their feet the Plymouth track men decided to enter deeper water. On April 18, they met Shelby and Ashland in a triangular meet at Shelby. When the dust had cleared from the field of combat and all points and fractions of points had been counted the score stood: Shelby  $76\frac{1}{2}$ , Ashland 52 and Plymouth  $27\frac{1}{2}$ . "Whit" Briggs, our fleet-footed half-miler brought home our only first of the day.

Wednesday, April 23, was a great day for Plymouth track men because it showed them what they could do against a team in their own class. Attica was defeated 77-44, Plymouth winning nine firsts, nine seconds, and five thirds.

The Mansfield Relays on April 25-26, found Plymouth in nearly every event. Plymouth scored two points, placing them on a par with Monroeville and Willard. Several schools entered in the meet failed to score.

The meet on May 6 at Norwalk St. Paul netted Plymouth the highest score of the season. The Norwalk team won but two firsts in the entire meet.

Season summary:

Mansfield Reserves .....	54—Plymouth.....	67
Shelby—76½      Ashland .....	52—Plymouth.....	27½
Willard .....	72—Plymouth.....	50
Attica .....	44—Plymouth.....	77
Norwalk St. Paul .....	39—Plymouth.....	82

Jr. High track has been introduced this year. This will help to lay the foundation for future track teams.

## Cross Country

**W**INNING two out of four meets, the Plymouth High Harriers finished a rather successful season. This being the second year Plymouth has had a Cross Country Team the season was more successful than it actually seems. It is a real grind to run two and one-half miles every day. Captain Ross made the best time of the season against Willard on our home course in the time of about fourteen and a half minutes.

The first meet of the season was lost to Mansfield on the Mansfield course by a large score of 38 to 15. But this was the first affray for the boys so it wasn't so bad. The next meet was at Willard, where our boys again were defeated by a large margin. After this the boys held a return meet with Willard on our home course. This, our first meet on our home course, resulted in a victory for Plymouth, 34 to 21. Following this a meet with Mansfield, on our home course brought us another victory 27 to 28.

This year six cross-country letters were presented to the following boys: Captain Ross, D. Bachrach, W. St. Clair, P. Grimmer, W. Moore and L. Biddinger. Next year's captain has not been elected. Of the letter men, none are lost this year by graduation. This should mean a very successful season next year.

# Dedication

THE dedication of our new high school building was well attended by those who take an interest in our schools. The dedicatoin services were opened by singing America the Beautiful. This was followed by the invocation by the Rev. J. W. Miller.

Miss Grace Trimmer and Mr. J. E. Reed sang solos which were in keeping with the occasion. Additional music was supplied by the high school glee clubs.

Dr. George J. Searle, Jr., president of the school board, acted as chairman for the occasion. An enumeration of the gifts presented the school and remarks concerning the building were made by Supt. R. R. Miller.

The dedicatory address was delivered by the Hon. John L. Clifton, State Director of Education. This was a very interesting and instructive feature.

Former superintendent of schools in Plymouth, T. S. Davis, recalled incidents of interest during his stay in Plymouth. These remarks were followed by those of John W. Kern, Superintendent of Schools in Richland County.

The program ended with the singing of the Alma Mater followed by the benediction by the Rev. Miller.

---

# Achievement Banquet

The Achievement Banquet, held annually to honor members of the school who have participated as representatives of the school in scholastic contests, was served in the new auditorium on Friday evening, March 25. Mr. W. C. Ross, president of the Alumnae Association, acted as toastmaster for the occasion.

During the serving of the meal, singing was led by the Reverend A. M. Himes. After this, Miss Pancoast, girls coach and Mr. Jenkins, boys coach, awarded letters and certificates to those players who had earned the necessary requirements.

The principal address was delivered by Mr. Townsend, Director of Athletics in the state of Ohio. Mr. Townsend brought out some very good points concerning athletics.

Mrs. R. R. Miller and Mrs. T. S. Jenkins added two numbers to the program. The former delivered a reading and the latter impersonated a very small girl.

The singing of the Alma Mater brought the evening to a close.

# Parent-Teacher Association

The Parent-Teacher Association of Plymouth school during the year 1920-1930 had an enrollment of 147, not all of whom were active members. This was a small gain over last year's membership. The first meeting of the year was held September 19th, the third Thursday of the month, in charge of the newly elected officers.

These officers were:

Mrs. H. Jeffry .....	President
Mrs. S. B. Bachrach .....	Vice-President
Mrs. R. Dindinger .....	Treasurer
Mrs. H. Lippus .....	Secretary

At this meeting the following Committees for the year were appointed:

PROGRAM COMMITTEE—Mrs. Stacy Brown—Chairman, Mrs. Harry Dick, Mrs. Chas. Miller, Mrs. Ed Curpen, Miss Fenner.

WAYS AND MEANS—Mrs. P. H. Root—Chairman, Mrs. Geo. Eastman.

MEMBERSHIP—Miss Stella Nye—Chairman.

PUBLICITY—Mrs. S. Bachrach.

The grade teachers: Miss Nye, Miss Hartzel, Miss McClellan, Mrs. Farrar, Miss Sheely, and Miss Danner are to be thanked for their part in affording entertainment at the various meetings.

The grade having the largest percentage of attendance each school month was presented with a book for their room library.

The Committee headed by Mr. Jenkins, raised funds to buy reading circle books for the school libraries. These are a list of books approved by the state for school reading and credits.

In March, the Ways and Means Committee assisted by Dr. Gaskill presented the play, "Alawys in Trouble," which was very successful, financially, as well as entertaining.

Last year the P. T. A. equipped the hot lunch room at the school. This was inadequate for both buildings and the P. T. A. voted funds for a steam table. Funds have also been voted to buy the dining suite for the model dining room in the Home Economics Department. The boys were badly in need of a wood lathe for Manual Training. This too was furnished by the P. T. A. A committee of workers realized \$40.00 profit from serving lunch at a Public Sale.

During the school year we have had very instructive talks by different members of the board and faculty as well as County Supt. Bell. These things can all be listed as accomplishments, as they bring about the things that P. T. A. stands for. On the whole this year has been a good year and we end it with a substantial cash balance on hand and a large amount yet to be done. The 1931 P. T. A. can bring about many things for the better in dear old P. H. S.

# The History of Education in Plymouth

The history of educational progress in Plymouth is very interesting. Educational methods have progressed in keeping with the time, so that school today is far different from that of a half century ago.

Since 1871 seventeen men have served in the capacity of superintendent. For those, to whom the names of these might be of interest, we shall list them.

Prof. Richard Parson .....	1871-1876
Prof. C. W. Butler .....	1876-1880
Prof. F. G. Lee .....	1880-1883
Prof. J. F. Lesley .....	1883-1888
Prof. E. H. Webb .....	1888-1893
Prof. H. B. Work .....	1893-1894
Prof. T. S. Orr .....	1894-1898
Prof. W. M. Webb .....	1898-1901
Prof. C. M. Carrick .....	1901-1913
Prof. Foght .....	1913-1915
Prof. C. G. Kern .....	1915-1916
Prof. J. A. Kerschner .....	1916-1918
Prof. O. L. Kaylor .....	1918-1919
Prof. A. L. Murry .....	1919-1922
Prof. T. S. Davis .....	1922-1926
Prof. F. H. Berry .....	1926-1927
Prof. R. R. Miller .....	1927-19—

The course of study in 1885 was composed of the following subjects: Elementary Latin, Algebra, Physiology, Rhetoric, Caesar, Physics, Botany, Plane Geometry, General History, Science of Gov't., Arithmetic, Bookkeeping, English Literature. There was little preparation for any future practical needs of the student.

Let us compare this course of study with that of today: Elementary Latin, Caesar, Virgil, Cicero, General Science, Biology, Chemistry, Physics, Elementary Algebra, Plane Geometry, Solid Geometry, Advanced Algebra, Rhetoric, English Literature, American Literature, Shorthand, Typing, Commercial Law, Salesmanship, Bookkeeping, General History, American History & Civics, Manual Training 1 & 2, Home Ec. 1 & 2, Man. Training & Home Economics have also been introduced in the eighth grade. These courses serve as practical laboratories for the course in occupations, all of which is designed to guide the students in their choice of life vocations.

## Gifts to the School

WE are very fortunate in having in Plymouth a group of public spirited people who have added to our new school some kind of equipment which otherwise we could not have had. For this reason we are taking this page of our annual to enumerate these gifts and express our appreciation for them.

Our first gift was a beautiful silk American flag trimmed with gold fringe. The flag, which is on a tripod base, stands on the stage of our new auditorium. This national emblem was the gift of Mr. Frank Bingham.

The two beautiful bronze lamps which grace the front entrance of the building were the gifts of Mr. and Mrs. John Root. They have added a great deal of beauty to an already beautiful entrance.

A large American flag and a flag pole, which will be placed in front of the building, were the gifts of Mrs. Carrie Allen and her daughter, Mrs. Ethel B. Miller. They were formally presented to us by the Daughters of Union Veterans.

Mrs. John Fleming was the donor of a large piano for stage use.

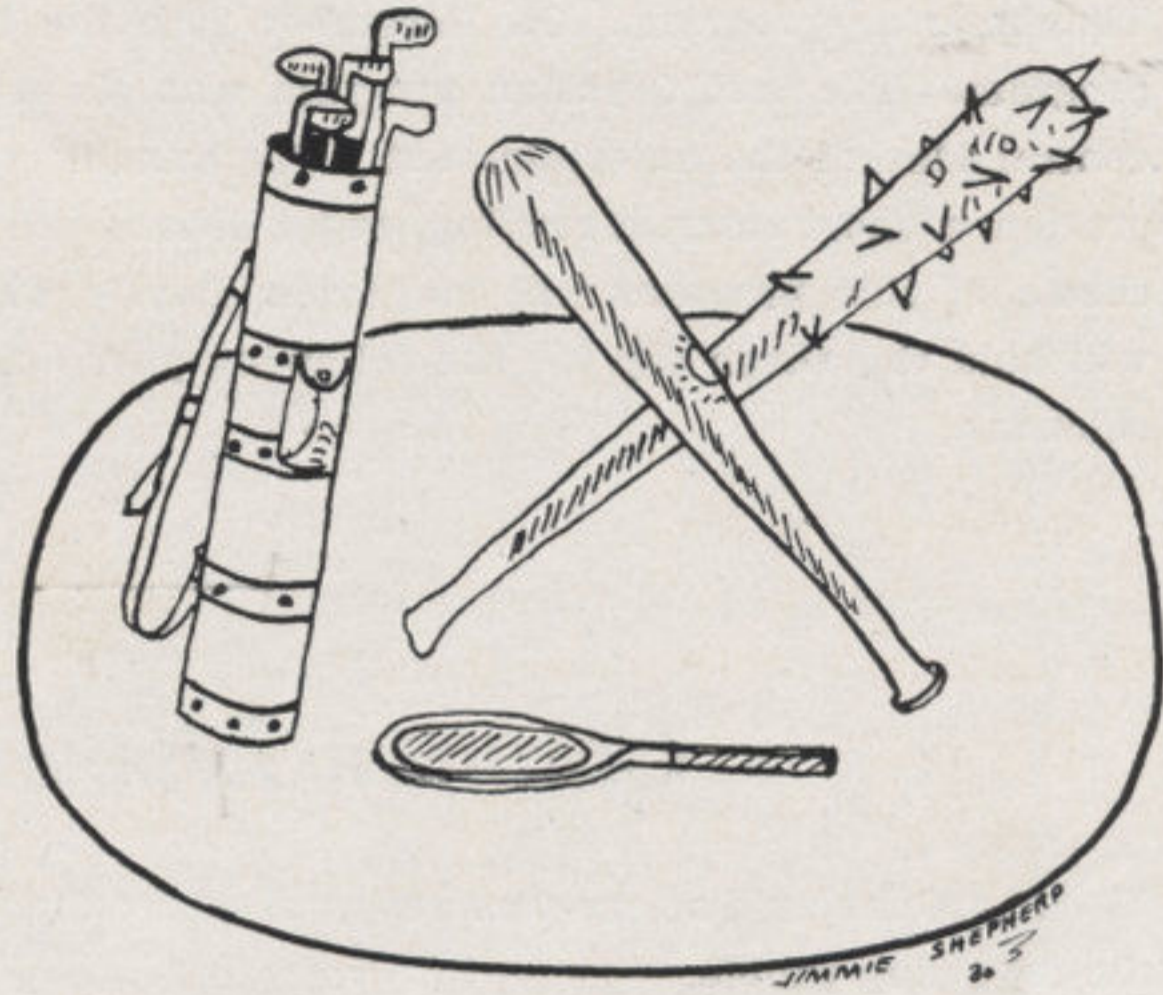

Mrs. Alex Bachrach is presenting a beautiful trophy case which will stand in the front corridor.

Two pictures have been donated to the school. One, the picture of Francis Willard, was donated by the W. C. T. U. The other, our latest gift, was given by the Art Club of the High School. It is a photographic reproduction of St. Godin's Statue in Lincoln Park, Chicago.

The Parent-Teachers Association has been very generous in giving to the various departments of the high school. The furniture for the model dining room, the dishes and tableware besides some of the hot lunch equipment constitute their gifts to the Home Economics department. To the Manual Training Department the association presented a lathe. This implement has been of great use in the work of the department. Their gift to the library was a set of reference books and a set of Reading Circle books. The stereopticon lantern, which is used at every high school assembly, was their gift to the school.

As a final word of appreciation, we wish to express our thanks to all who have bettered our schools, either by gifts, personal service or moral support.

# CLUBS

## *The Orythian Literary Society*

The Orythians, with Vance Snyder as president, Whitney Briggs as Secretary, and Miss Fenner as Advisor gave their first program on November 20th, which was the Thanksgiving program. On December 20th the two societies gave a joint Christmas program. The last Orythian program was given on March 26th with 'Spring' as the central idea of the entertainment. The annual contest which consists of an essay, an oration, a short story, a reading, and a debate will be given on April 23rd. The general theme of this program will be 'Arbor Day.' This contest determines which society will hold the silver cup for the following year, and is the final number on the literary calendar.

---

## *Clionian Literary Society*

The Clionian Society was reorganized at the first of the year, choosing as officers the following people.

AILA McFARLAND .....	President
CLEA ANDERSON .....	Secretary
MR. REED .....	Advisor

This society presented the first program of the year on November 11th commemorating Armistice Day. Their next program was the joint Christmas program. In February, this society presented a program in honor of the famous men whose birthdays were in this month. This list included Lindbergh, Edison, Washington, and Lincoln. The final presentation of this society will be on April 23rd when the annual literary contest will be held.

---

## *Student Council*

Since our high school operates on a six year plan the Student Council this year was organized in a different manner than in previous years. This year's council consists of the president and a representative chosen from the four upper classes and the president of the seventh and eighth grades.

The purpose of the student council is to bring about closer cooperation between students and teachers in the governing of the school. The duties of the council are as follows: selection of chapel speakers; appointment of a pianist, chorister, lantern operator and committee to select songs. The student council members are as follows: President, Harriett Cornell; Vice-President, Marjorie Becker; Secretary, Madeline Smith; Don Einsel, Jr.; David Bachrach; Whitney Briggs; Dick Webber; Harold Miller; James Root; Robert Cornell.

# Press Club

THE Press Club, an organization of 1928-29 at P. H. S. was reorganized at the beginning of this year's school term. The following officers were selected to serve the school year:

President ..... Vance Snyder  
Vice-President ..... Harry Long  
Secretary ..... Don Einsel, Jr.  
Faculty Advisors ..... Mr. Jenkins and Mr. Miller

The president was authorized to appoint an editor-in-chief at the beginning of each six weeks period to have charge of the P. H. S. Post for the following six weeks. The editor-in-chief selects a staff to cover the various activities.

The members of the Press Club also wrote editorials, of which several appeared in the Post.

---

## Science

At the first meeting of the Science Club held Oct. 16, 1929, twenty-five members were enrolled and the following officers were elected: President, John Dick; Vice-President, Arnold Munn; Secretary-Treasurer, Don Einsel, Jr.; Faculty Advisor, Mr. Reed.

The year's projects included the following: collection of elements; collection of biological specimens; study of phases of electricity.

---

## Photo

The Photo Club was organized at the beginning of this school year with Mr. Reed as advisor. In this short time much has been accomplished. The purpose of the club is to give instruction in developing and printing of pictures.

Mr. Reed and Mr. Miller assisted the members of the club in preparing the chemicals used in the work. Each member of the club has taken an active interest in the club projects.

---

## Latin

On November 13, 1929, the Latin Club of 15 members met and chose the following officers for the year:

President ..... Ruth Fenner  
Secretary ..... Lucile Pugh  
Faculty Advisor ..... Miss Pancoast

Each member was given a Latin name by which he was to be called while in Latin Club. The club time was used in playing Latin games, telling Latin jokes, and using Latin in different ways.

# Better English

Three years ago the Better English Club was organized with a total membership of twelve members. With this year's addition of twelve members the club now has an enrollment of twenty, of whom six are charter members.

The purpose of this club is to provide, through the use of word games, vocabulary tests, reports on derivatives of words, and discussions, instruction in the use of better English in class.

The following officers were elected to serve the entire school year:

President .....	Don Einsel, Jr.
Vice-President .....	Ruth Fenner
Secretary-Treas. ....	David Bachrach
Faculty Advisor .....	Miss Pancoast

---

## Commercial

The Commercial Club was reorganized at the beginning of the school year with an enrollment of 26.

The purpose of the club is to study business and business relationship to every-day life.

Two events of interest to the club members were the party held about the middle of the year and commercial club dinner given April 9, the proceeds of which were used to purchase a new typing desk.

The officers for the first term were:

President .....	William Moore
Vice-President .....	Mary Anderson
Secretary-Treasurer .....	Eleanor Snyder
Reporter .....	Vincent Taylor

The second semester officers were:

President .....	Vance Snyder
Vice-President .....	Gladys Herre
Secretary-Treasurer .....	Vincent Taylor
Reporter .....	Walter Mumea
Faculty Advisor .....	Mr. Derr

---

## Art

In December, 1929, a group of ten students of Plymouth High School met to organize an art club. Of these students some had the ability to draw, sketch, or paint while others were interested in various forms of art. The officers elected were:

President .....	Harry Briggs
Secretary .....	Donald Anderson
Faculty Advisor .....	Mr. Derr

Although this is the first year that a club of this type has been organized, much has been accomplished. Several of these accomplishments are purchasing of a new picture for the high school, decoration of the grade school building for the Christmas program, sponsoring of an art exhibit on April 10.

Ruth F.: I think Juniors terrible.

Clea: Why so?

Ruth: He knows so many naughty songs.

Clea: Does he sing them to you?

Ruth: No, the mean thing just whistles the tunes.

Mutt: Who was that new girl you were with last night?

Tut: That wasn't a new girl, that was the old one repainted.

"Who's your favorite author?"

"Dad."

"What's he write?"

"Checks."

Mother: "Harriet, what time did you get in last night?"

Harriett: "Quarter of twelve."

Mother: "Why, I was up till almost three waiting for you."

Harriett: "Well three's a quarter of twelve!"

—

She: Run up and get my watch.

He: Aw! Leave it awhile it will run down.

She: Nope, it's a winding stair:

Teacher: Give for one year the number of tons of coal shipped from the U. S.

Student: Sure, 1492.

“What did father say when you told him your love for me was like a rushing river?”

“He said, ‘Dam it!’”

Son: Father why was Adam made first?

Father: To give him a chance to say something.

One: Do you say your prayers every nite?

Two: No, I say mine in the morning.

One: What do you say?

Two: Lord, how I hate to get up.

She: The face is an index to the mind.

He: Yes, but when a woman's face is made up that's no proof that her mind is.

# Oberlin School of Commerce

The Oberlin School of Commerce has come to be recognized as one of the leading schools of business training in the entire country. It admits only high school graduates and offers advanced courses of training. Its graduates are holding fine positions all over the country. Many are drawing salaries of \$5,000 to \$10,000 a year, while some are millionaires.

Any Seniors interested in advanced courses of business training would have unusual opportunities at Oberlin, where they would study with others of their own age and education and where they would not be held back in classes with many who have had little or no high school training.

It has been under its present management for nearly 50 years—one of the old, strong, well-equipped, successful schools of business training. Its courses of training are far beyond the business college stage.
