DEDICATION

Rather than dedicate our annual to any one person we, the students feel our parents and teachers, more than anyone else are more deserving of the dedication of the 1948 Mayflower. Therefore in heartfelt gratitude for all they have done for us, we dedicate this annual to them.

MAYFLOWER LOG

Dear Friends of the class of '48;

I know you are all hurrying around preparing for another Graduation Day, but stop for a little while and let me bring you up to date on the class of '48.

I have been floating around on my little white cloud and gazing into my crystal ball. I found that CHESTER BAKER has been doing wonders for himself in the field of photography. He established a business of his own and DONALD HOUGH is working as his assistant. They just adopted a new way of taking pictures of the people in Washington State. Of course you have all heard of Robert Mitchum, or Charles Boyer. Take Mitchum's looks and Boyer's ways of making love and you will have ROBERT BAKER one of the greatest lovers of the century. Hollywood caught wind of his loving and starred him in a hit picture. KAYROL McGINTY always wanted to do something with her typing ability. When she got out of school she landed a secretarial job in Washington, D. C. Anything you want to know about the government Kayrol will tell you. Just outside of Plymouth you will find a big beautiful farm that's where RUTH WILLET settled down for a life of farming. She tells me she is through worrying about things pertaining to school. Talking about school, DONALD SMITH is still trying to trisect an angle. Much to his surprise he has grown to be quite a man and a very good car salesman for Fords in Michigan. If you Sociology students will remember what a bum is, you will think that JAMES MITCHELL has settled down to a life of begging. But he has surprised everybody by raising his own food right here in Ohio. Want to go for an airplane ride? Well, take a trip along the coast of North Carolina and you will find PHYLLIS TAYLOR'S airport. Every pupil looks forward to getting out of school and making their own money, but not GWENDORA COLLINS. All she wanted to do was to get married and that she did. CORNELIUS VANDERBILT made a good head way in the field of sports. In fact he has become a coach at Miama University. He put out the best teams in the country. How about some grass seeds or maybe a lawn mower? You can buy both at KENNETH ECHELBERRY'S hardware store. I think he will run good competition with Brown and Miller. We never seem to have enough beauty salons so IRENE NORRIS decided to

add another one. If you want your hair done up in fine style or your finger nails to look their best, look up Irene's beauty salon in Cleveland and either she or her assistant DONNA CURREN will take good care of you. PATRICIA DARLING is still cooking only this time it's for a hospital in Oklahoma. Eat some of her food and I don't think you will be sick any more. Talking about food makes me think of WILLIAM LAWRENCE. He owns a plantation in Jamaica. He owns the best coffee ever made. Who knows maybe that cup of coffee you had for breakfast came from his plantation. The American people are great music lovers. GENEVA McDOUGAL decided to teach them more about it. If you want to learn to play the piano Geneva will teach you. This class is just full of musically talented people first a piano player now a singer. JOY LEE BRADFORD is singing with the Metropolitan Opera in New York. Everybody has to grow up sometime but not DORLA GULLETTE she is still a sort of a midget, but with the husband she got she has to be a midget. Paris is known for its clothes designing, LOIS SUTTLES has made it known for outstanding hair do's. The whole country has been talking about her latest and some of the women are trying to fix their hair in similar order, but find it hard to do. There is always a demand for secretaries. THERESA ALEXANDER and MARTHA EBY as secretaries in the business world. Everybody wants to be happy and MARY FOX is no exception. She has everything in the world to make her happy such as a beautiful home with all the trimmings. If you have traveled by air very much you might have noticed a girl that checks your safety belt or brings you a sandwich. It might have been BETTE DAVIS. Take notice the next time you make a cross country flight or a trip in a TWA, and you might see someone you know or maybe the pilot is JAMES BURRER. Jim wanted to find a job and I think he landed a good one.

The picture in my crystal ball has faded away, but I will be back next year and bring you up to date on another graduating class.

Sincerely,

Your old prophet

The Plymouth Pilgrims had a very successful season with 4 wins and 2 losses.

The team was fortunate to win the County Championship, which was played with Lexington. This win entitles the Pilgrims to go to Old Fort in the Spring for the district play offs. This is the first county baseball Championship Plymouth has won since 1934.

THE BASKETBALL SEASON

The Pilgrims started off the season with a bang as they trounced Union 56-36, but during the rest of the first half of the season the Pilgrims could salvage but two more games. Then the tide turned, and after they beat Union again, this time 45-28 they won six of their remaining eight games to wind up the season with a nine won and nine lost record which gave them a .500 for the season.

Corny Vanderbilt, star center of the Pilgrim quintent, was named on the all-county basketball team for the second straight year. Bill Lawrence, Desmond Donnemwirth and Ronald Trauger were given honorable mention for the mythical team.

In the county tournament Plymouth drew Union in the first round. The game was a thriller ending in victory for the Pilgrims with a 38-37 score. In the second game with Butler, we went down by a score of 49-39. In the final night of play for the consolation championship Plymouth won over Ontario 43-37. This is the second consecutive consolation championship for the Pilgrims.

The Richland county league standings for the season were:
