1996

Havamal

Plymouth High School

The meaning of the **Havamal** is the "Song of the High." It is the Norse code on the conduct of life in a long narrative saga in poetic form which illustrates the Viking rules of life. Expressed in the **Havamal** are many subjects encountered in everyday life, such as man's happiness, the value of science, and the duty of cheerfulness and bravery.

Other ideas warn that wealth is the most unstable of friends; that no man is without his faults; and cautions man not to neglect his friends.

In 1963, **Havamal** was chosen as the theme for the Yearbook and has remained the title because of its historical significance and its application to modern-day living.

Art Club Provides Outlet For Creativity

The Art Club was busy with a variety of activities. They continued their annual tradition of painting slate music boxes and selling them at Christmas time. They had a pizza party to paint slates. They helped decorate scenery for the musical. They made posters for the Cabaret and musical and also for the Bake Sale for the Plymouth Historical Society.
