Straight From The Closet

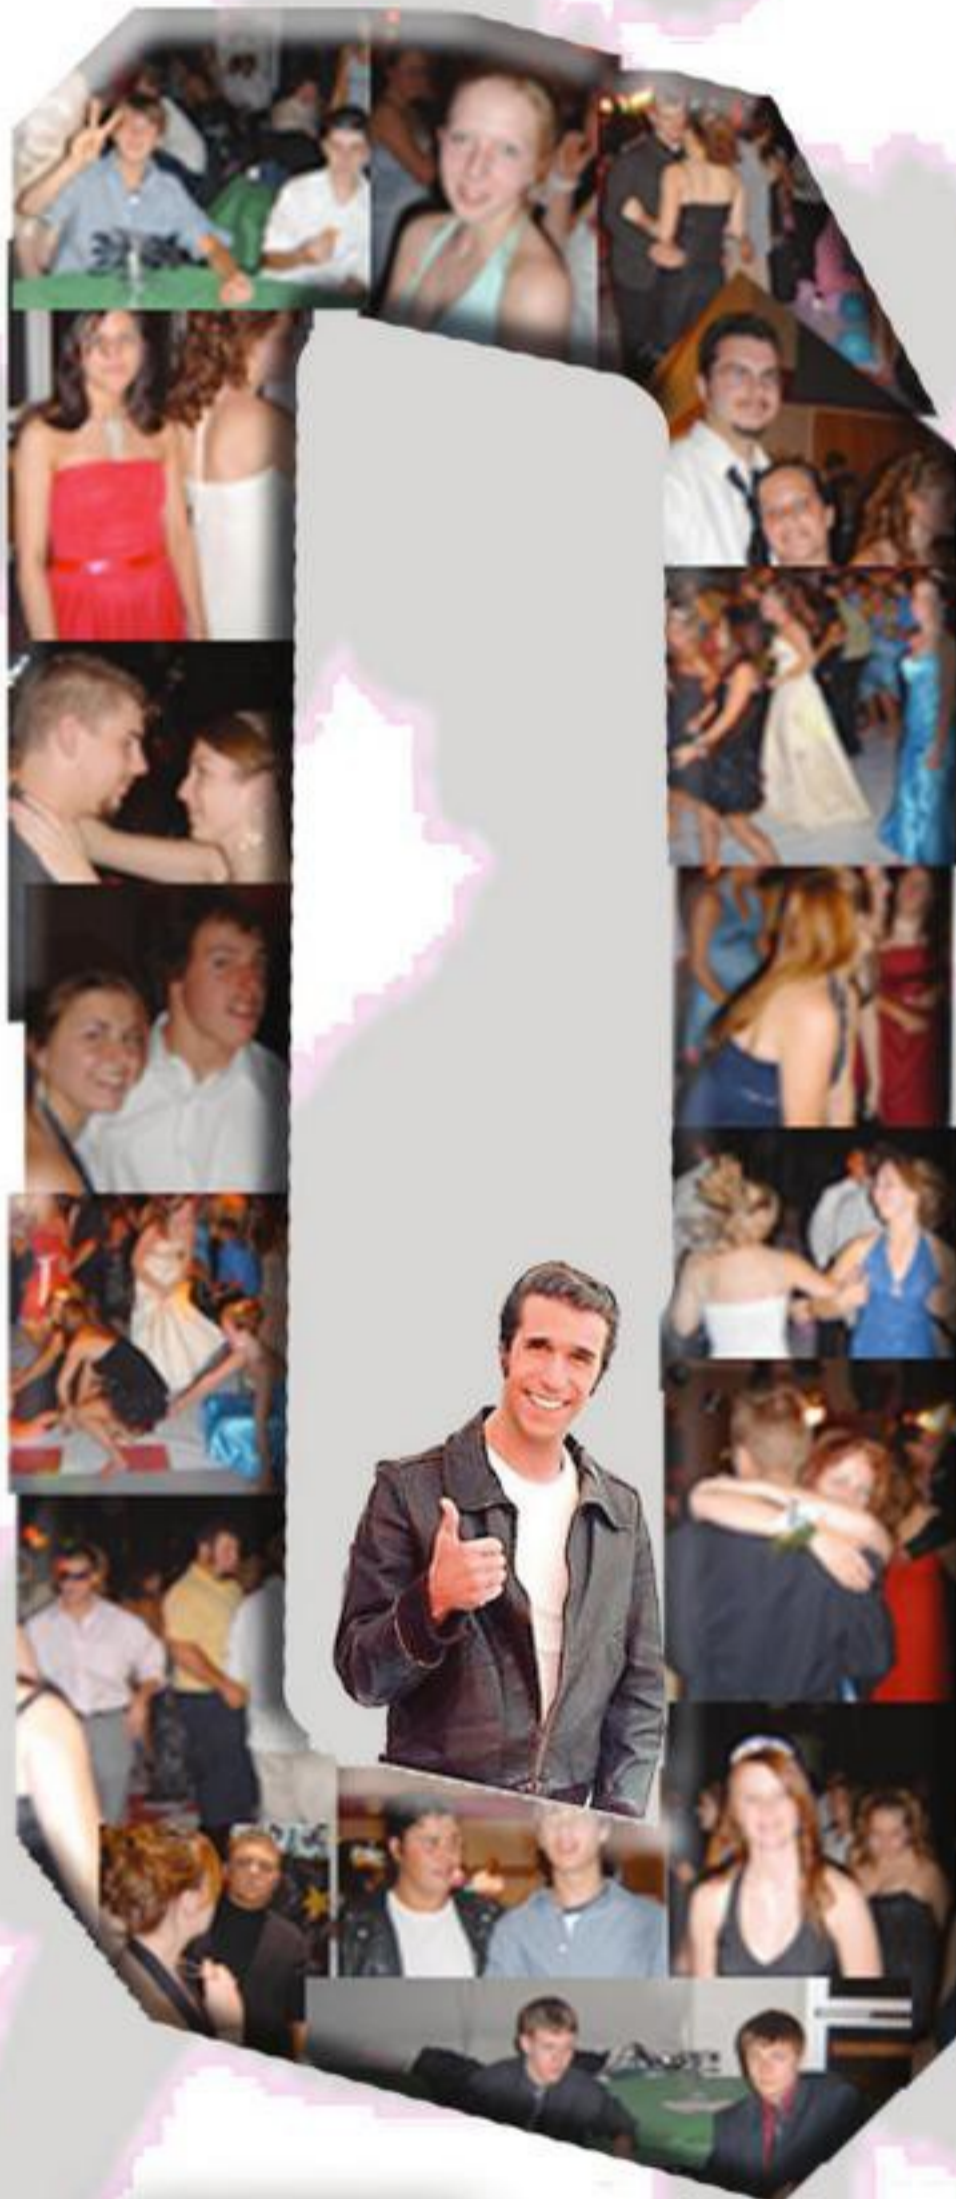

Here at PHS, the style is upbeat but conservative. You'll find that a lot of girls wear layered shirts, wear flip-flops year-round, and carry big bags. Bermuda shorts, pedal pushers and capris are seen a lot during warmer months and jeans in the winter. You'll find a lot of striped polos and cargo shorts among the guys. Skater shoes and basketball shoes are common for our guys to wear. Both girls and guys are seen wearing comfy clothing everyday such as basketball shorts, T-shirts, sweats, and hoodies. Band T-shirts and black clothing are worn a lot as well.

Local stores we shop at: department stores, PacSun, American Eagle, Hollister, Deb's, HotTopic, Aeropostale, Vanity, Old Navy, Claire's. Finishline, Dick's, and Kohl's.

The boys exceeded all expectations this year. They worked really hard and worked well together. This was a very fun team to coach.

Our seniors, Matt and Mike, will be missed next year, but I think the underclassmen will step it up.

don't FORGET to REMEMBER...

My years as a member of the Plymouth cross country team are years that I'll never forget. I've met a lot of amazing people and have discovered things about myself that I never knew. My teammates throughout the years have been great and the coach is awesome! I wish nothing but success to those who will continue running after I am gone. Best of luck guys! I will miss you all!!

I remember the first day of conditioning and I thinking to myself "OH BOY we're really not going to have a team this year." Throughout the season, we really came together. All of us were like sisters, even though we didn't win a game. I would have to say we still had a good season. Emilee Collins and myself were the captains. I won't forget Coach Speicher. He never gave up on us. He's taught me a lot. Thanks again coach and everyone who stuck with us.

The closer you look at the Plymouth High School student body the more interesting you find them. We asked the students random questions and found bizarre and surprising answers.

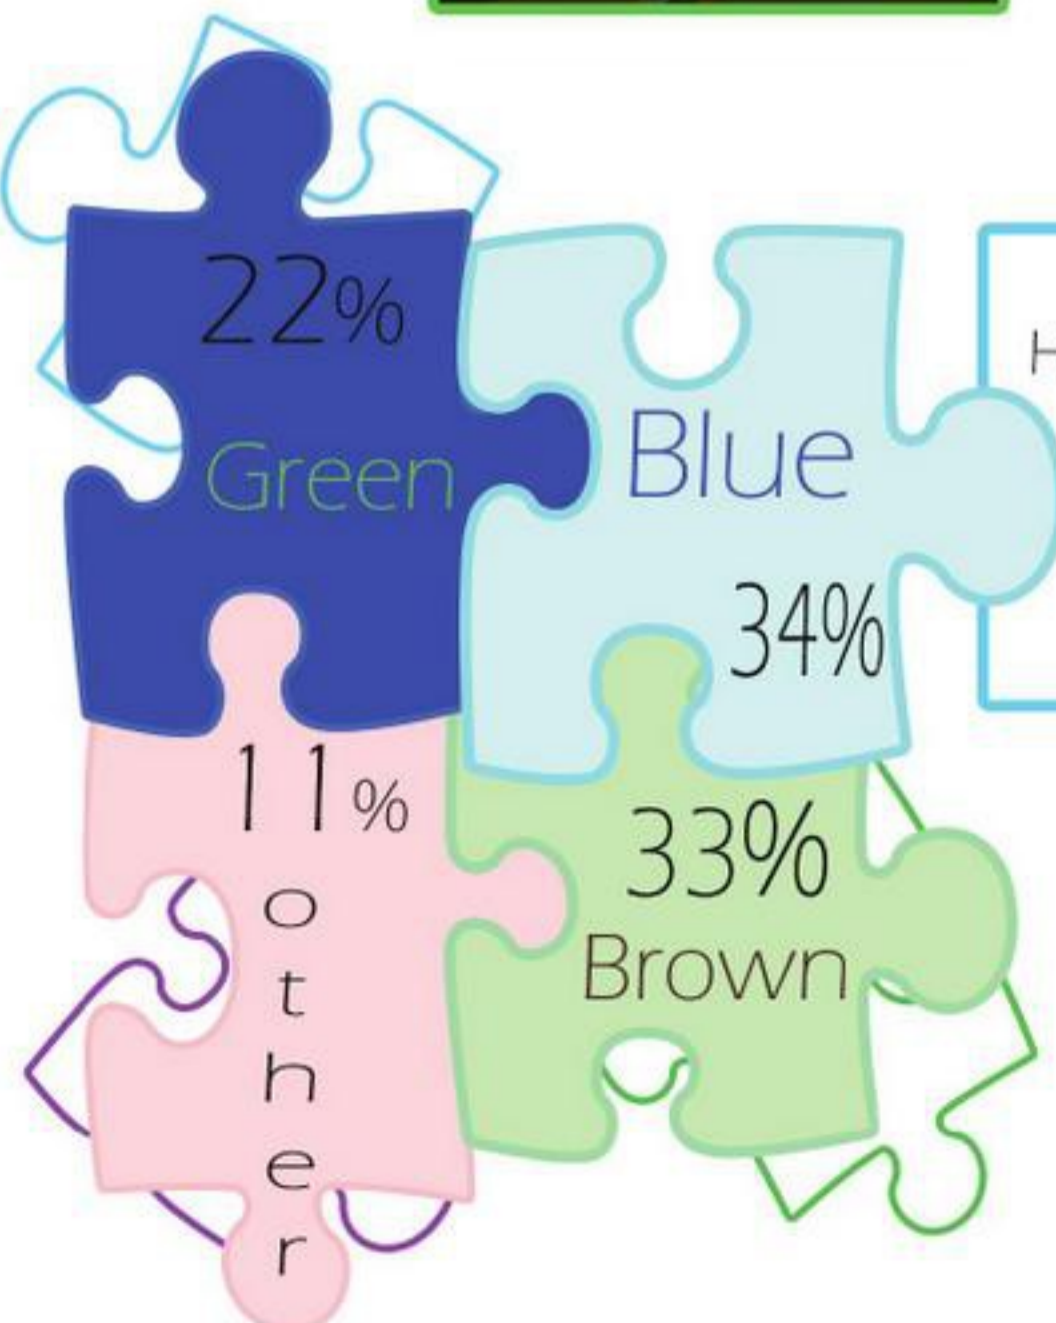

The manly men of Plymouth High

Although everyone is beautiful in our school some may feel they need to look better. There are many ways to try to look better but in the survey we asked how many diet to do so. 69% said that they did not. But 31% do.

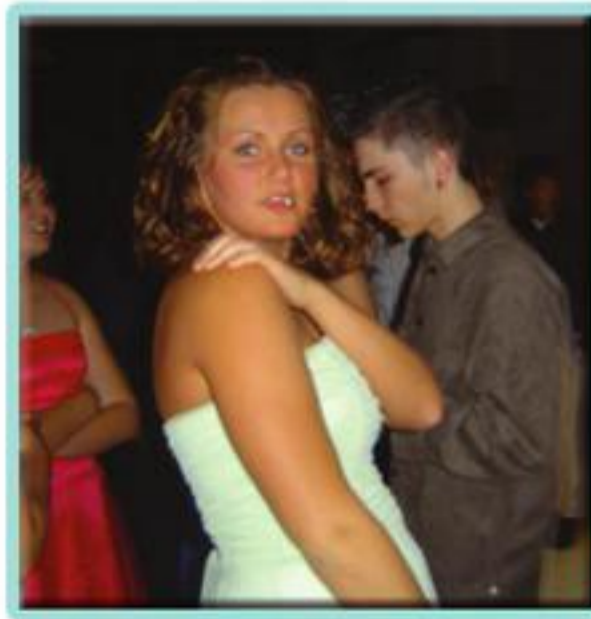

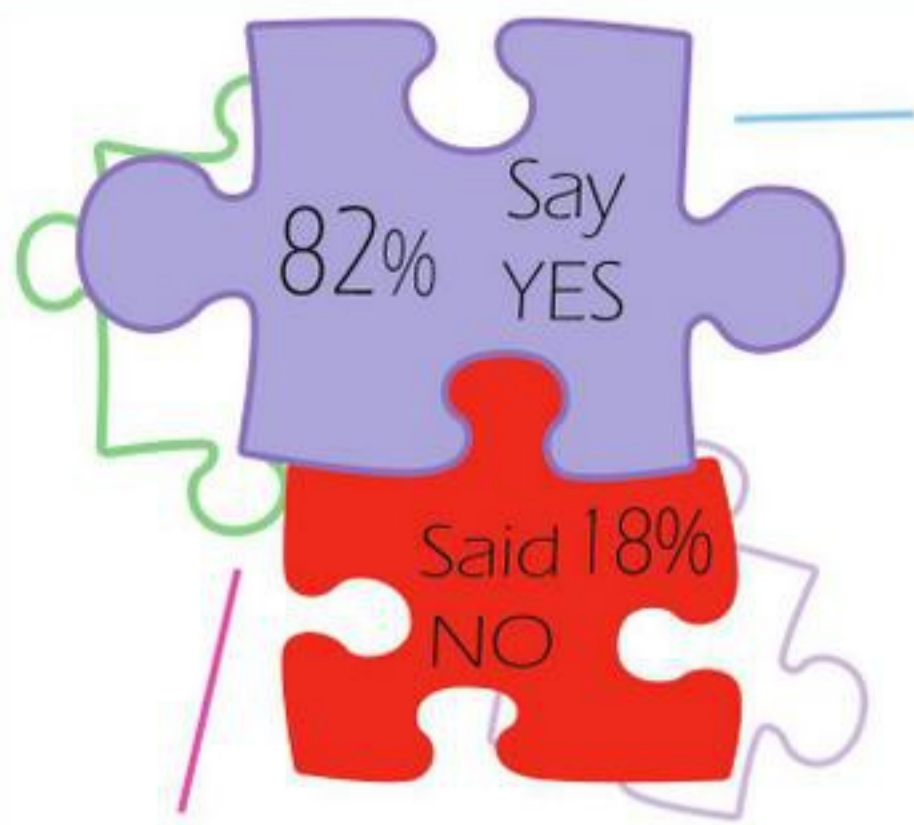

Senior Cory Branham & Sophomore Ashley Nehr Korn

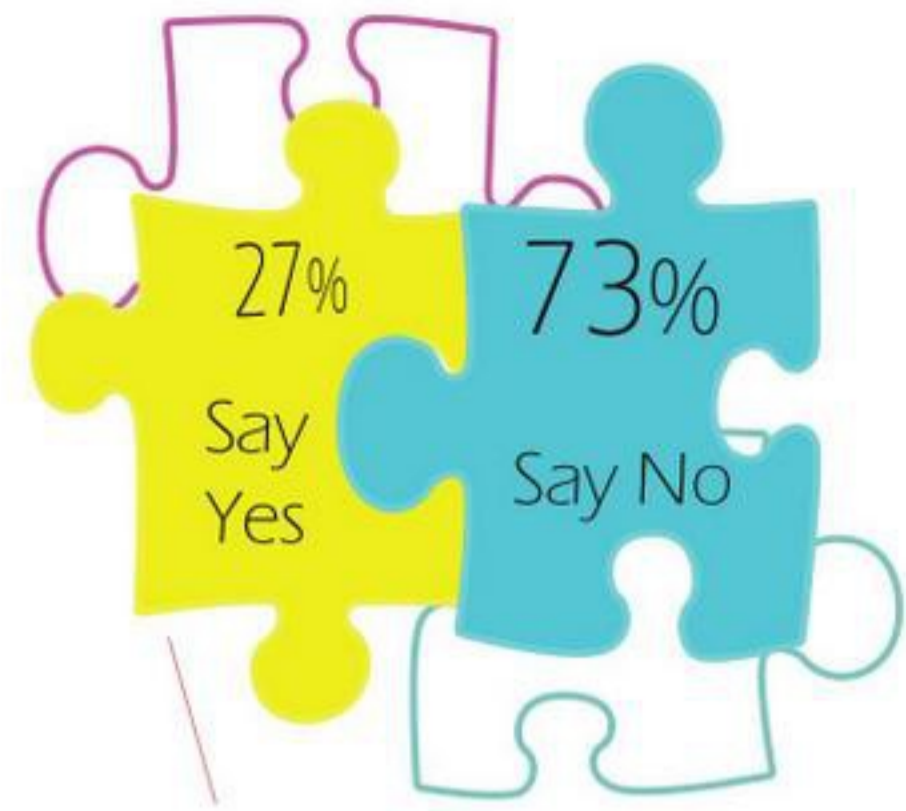

We surveyed the Plymouth High to see what the dominant eye color was from our results we have found that blue eyes are the top close in second is brown.

Blue: Victoria McCarthy Brown: Dakota Probst
Green: Beverly Wicker Other: Eric Miller

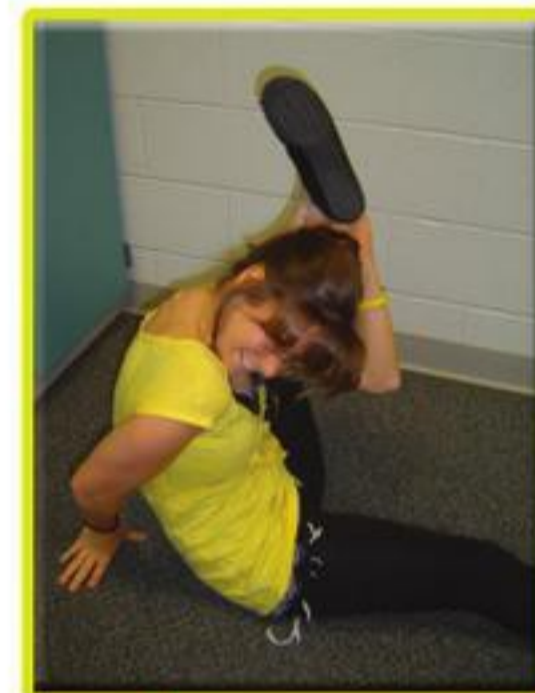

Junior Chrissy Stephens

Dance's they are so much fun, and for \$2-\$4 every so often it's not to bad. In Plymouth High many of the students seem to think the same way. We know this because in the yearbook survey 82% of the students have attened a dance this year.

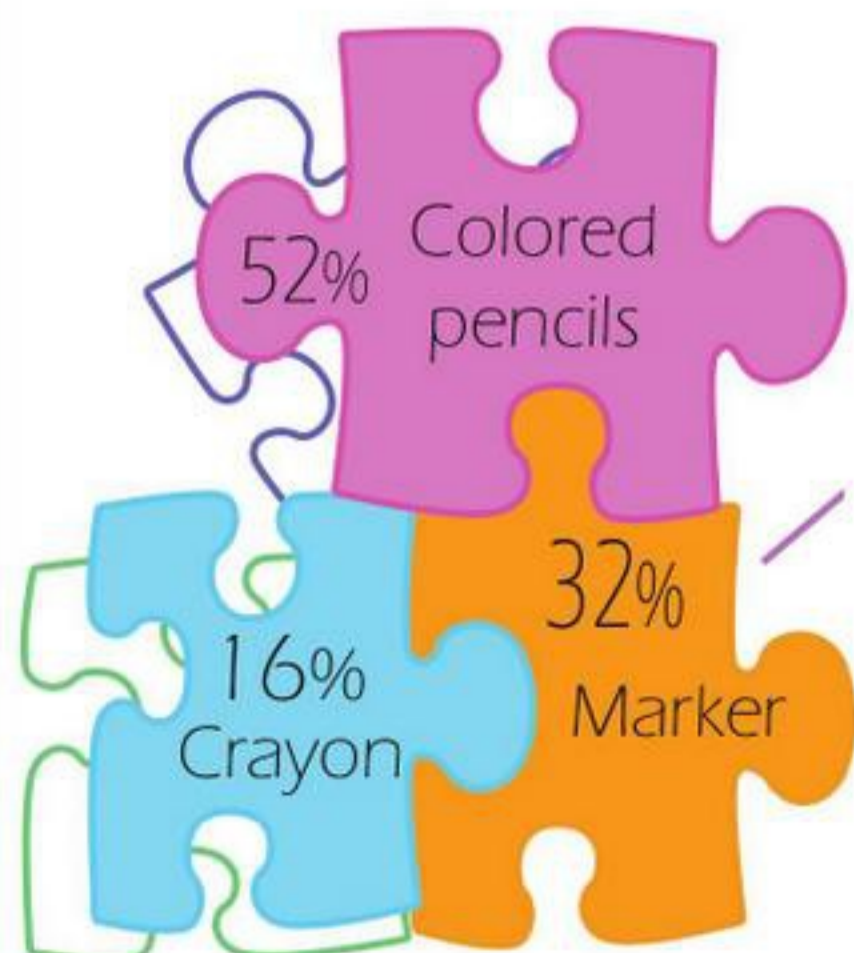

Our students seem to love supporting our teams at the games, no matter what sport. So we wanted to know really how many students go to the games. This year 84% of the students that took the survey have, and 16% have not.

Junior Emilee Collins

At P.H.S students were asked if they could put their foot or both feet behind their head. 73% of the students that answered the survey said they couldn't. The remaining 27% said that they could.

56% of Plymouth's students would rather eat Vanilla ice cream rather than Chocolate.

Buckle! up!

Although we think it'll never happen to us, traffic crashes are a leading killer andcrippler of both adults and children. We can't always prevent our involvement in a crash, but what happens to us during a crash is often within our control- IF we wear a seatbelt!

It is estimated that seat belts save over 14,900 lives in Ohio alone each year.

Nationally the leading cause of death among Americans ages 4-33 are motor vehicle crashes.

When one second could change the rest of your life...Why not take 2 to Buckle Up?

The Editors

Leah Gillum

I am very pleased with how this yearbook turned out because we put tons of hard work into it. I really hope that everyone loves it as much as I loved making it. Mr. Lewis has done such an amazing job, and we owe him so much!

I loved every second of Yearbook, it was my favorite class of all time. It was hard and frustrating at times, but in the end it was all worth it!

In years to come I hope people can look back at this yearbook and remember all the good times in high school...I know I will!

I didn't do as much as I should of but some people helped me out. Yearbook was awesome it was my favorite class of all time. Mr. Lewis is one of my favorite teachers because he is very laid back. He understands that some days seniors just do not feel like doing anything, and that's great. I hope everyone is happy with the way this yearbook turned out, enjoy it!

Dakota Probst

I'm proud to have been an editor this year. I truly think this year was a success for Yearbook.....with a few exceptions. We made some advances and incorporated some new things that I think everyone will like.

This year's staff did a great job. Everyone worked hard to make their pages look great.

I had a lot of fun working with Yearbook this year and I can't wait to work with Yearbook again next year.

Senior

This year has been an exciting one! I have truly enjoyed being a member, as well as an editor for the Plymouth High School Yearbook staff.

I have had the opportunity to work with some very talented individuals. Best of luck next year to the 2007-2008 yearbook staff!

Thanks for all that you have taught me!

"Memory is a way of holding onto the things you love, the things you are, and the things you never want to lose."

This year's yearbook class worked really hard. Even though sometimes we didn't want to work and we listened to music or played Wolfenstein, we still got our stuff finished. It got frustrating sometimes but I couldn't have had a better time. I think the yearbook will turn out to be very good. I will miss the class and I will miss Mr. Lewis as well. Good luck to upcoming editor's and to the upcoming yearbook class. hope the yearbook's look as good as ours' did! GOOD LUCK!
