This year was a good year for the class of 2009. We placed second in the spirit competition for the year. We managed to put together a decent prom, and overall our class has matured and taken a bigger step towards discovering ourselves and what we will do after high school. All we can hope for now is a good senior year to end our high school career. Good luck everyone!

I learned many important lessons in my last year of cross country. I saw how hard work and determination can never be measured in another man's eyes, but only in your own. The race will always be with yourself, no matter how many run beside you.

This year the girls basketball team took on a new head coach and coaching staff. The change caused some bitterness and emotional boundaries amongst the team, but the girls pushed through it. It may not have been a winning season, but it was a year for growth. Some girls were able to discover more about themselves and their teammates. By the time senior night came, they realized just how close they were. The Juniors put together gifts for the Seniors and hugged them all for their last home game.

The team won nine games overall and lost twelve. Rachelle Benfer was awarded first team all conference. Megan Bond was awarded second team all conference, and Bre McVey was awarded honorable mention.

At the end of season awards banquet, the coaching staff awarded Megan Bond with the Defensive Player award, Rachelle Benfer with MVP, Brittany Rietschlin with the Sportsmanship award, Lauren Reno with the Most Improved award, Bre McVey with the Freshman of the year award, and Sara Shirey with the All Heart award.

What I will miss the most about basketball is all the girls, getting pumped before games in the locker room, seeing the fans stand up and clap their hands as we run out, but the thing I will miss and always remember is hearing the buzzard that last time. That is what I'll miss. . .so much!

**-Rachelle Benfer**

Of course we could have done better. It was difficult especially for us seniors and juniors to deal with a new coach, but we made it through. Even though it was hard, it was the best year we had.

**-Brittany Rietschlin**

I will miss the bus rides and all the fun times we had reading magazines and just fooling around. But most of all I will miss that rush and butterflies you get in your stomach before each game, it's a high you can't get anywhere else. There is just something about the crowd cheering and the music blaring.

**-Megan Bond**

## An old perspective.... A new perspective

"This year was a very fun season. Everyone strived to do their best. Numbers were down but we stuck with it. I am very proud of the seniors and wish them luck in their future."

-- Coach McKenzie

"This year has been really great! There has been a lot of improvement from the beginning of the season until now. There is great potential in the years to come because of young talent. Also- there has been great upper classmen leadership to help the team along."

--Coach Martin
